

COMMUNITIES AND PLACE OSC

REPORT TO CABINET

12 FEBRUARY 2019

Review of Waste Strategy - Kerbside Collection of Household Waste

Glen Sanderson, Cabinet Member for Environment and Local Services presented the report to the Committee at its meeting on 6 February 2019. Paul Johnston, Interim Executive Director of Place, together with Paul Jones, Service Director: Local Services were also in attendance to respond to any technical questions.

The Committee supported the Administration's ambition to achieve a recycle rate of above 50%.

Members sought clarification on kerbside collection of glass and food waste and welcomed proposals to collaborate with the other North of Tyne Councils to rollout enhanced recycling schemes.

The Committee also noted that they would have the opportunity to comment on the detail on the Administration's preferred options later in the year.

The Committee therefore **resolved** that the Cabinet be requested to note their comments as set out above.

COUNCILLOR JEFF REID
