REPORT TO CABINET

11 JUNE 2019

Devolution of the Adult Education Budget to the North of Tyne Authority

Janice Rose, Head of Economy and Regeneration presented the report to the Committee on 10 June 2019.

The Committee hoped that this would ensure that through collaboration with the other authorities within the North of Tyne Combined Authority, the education budget was better targeted to extract the maximum benefit for learners in the area. There was also an expectation from the Committee that the North of Tyne Mayor would continue to lobby for more funding for education when the opportunity arose.

RESOLVED that the Cabinet be advised that the Committee supports the recommendations in the report.
