5. Planning Appeals Allowed

Reference No	Proposal and main planning considerations	Award of Costs?
18/00672/FUL	Development of 14 dwellings; conversion of Allerburn House to 3 apartments including demolition of later extensions and refurbishment of Lodge - amended 27/03/18 - Allerburn House, Denwick Lane, Alnwick	N

	<p>Main issues: adverse impact upon residential amenity; adverse visual impact; adverse impact on setting of non-designated heritage asset.</p> <p>Committee Decision - Officer Recommendation: Approve</p> <p>Comments: The Inspector concluded that the development “<i>would result in an appropriate reuse of a redundant building and its surrounding area which is adjacent to an established residential area. Whilst the proposed scheme would inevitably have a visual impact for neighbouring occupiers, the nature, scale, massing, layout and general design of the proposed scheme would result in no material harm to residential amenity. Furthermore, the scheme would protect and enhance the setting of Allerburn House as a non-designated heritage asset. It would also provide a range of housing types within the locality in an appropriate and reasonable location which would be accessible to local services and facilities. Therefore, with all matters considered, I conclude these benefits outweigh the very limited harm which would likely result from the proposal</i>”.</p>
