Original Premises Licence sent via post as application submitted online

Licence to follow under separate cover as application submitted online.

M Describe any additional steps you intend to take to promote the four licensing objectives as a result of the proposed variation:

a) General – all four licensing objectives (b,c,d,e) (please read guidance note 11)

The information provided in this box is solely for information only and not intended to be converted into conditions on the licence.

We have considered the impact of the proposed variation which seeks to allow for a modest extension of 30 minutes for licensable activities Friday and Saturday, with a 30 minutes closing time thereafter and for activities to commence one hour earlier from 09:00 Monday to Sunday. We are also seeking to ensure that when the clocks go forward at the start of British Summer Time the premises can trade their normal hours, as well as amending non-standard timings for certain notable days so they mirror the terminal hours applied for.

The applicant has carefully considered the application, the effect upon the licensing objectives and the Council's Licensing Policy, and believes the hours sought, coupled with existing conditions in place and existing measures are unlikely to undermine the licensing objectives. Steps have been taken to ensure that the application and proposed operation will continue to promote the licensing objectives, and in particular we have undertaken pre-application consultation regarding the extension of hours with the Police, Environmental Health and Licensing Authority. Their comments have been taken into account in considering and submitting this application.

The applicant feels the extension of the terminal hour for licensable activities and opening hours will ensure customers can stay in a well-managed, controlled and supervised environment premises for longer, if they wish, and that the later hours will allow a longer wind down period and a more gradual dispersal of customers from the premises, which can be managed and contained, reducing impact on the area and licensing objectives by a mass dispersal at any one time.

With regards to the earlier hours sought for licensable activities to 9am, the premises is already permitted to open from 7am and the applicant does not believe these proposed hours will have any negative impact on the promotion of the licensing objectives and has vast experience of operating many licensed premises to this earlier start time for licensable activities and has done so without any issues of note and whilst continuing to promote the licensing objectives.

Stonegate are a well-experienced licensed operator with over 700 sites across the country, and have in place an extensive licensing manual containing policies and procedures across the whole estate, which are adapted at site level to ensure the premises operates to the highest standard and promotes the licensing objectives. These include policies regarding social responsibility, training and underage sales and challenge policies, incident logs and, queuing policy, drugs and dispersal policy and noise management and management of outside areas policies as well as procedures to prevent crime and disorder and public nuisance. These robust policies and procedures that are already in place will continue to operate if the application is granted.

Considering the above, we believe that the Variation Application will not undermine the licensing objectives. The applicant believes that the proposed condition, alongside the existing measures and robust policies in place, as well as experience of the operator in operating such hours, will ensure the premises continue to promote the licensing objectives if the application is granted and further conditions are not required.

b) The prevention of crime and disorder

See box a) above and existing operating schedule.

c) Public safety

See box a) above and existing operating schedule.

d) The prevention of public nuisance

Please see box a) above, particularly with regards to policies and procedures in place to prevent public nuisance including noise management and outside area management policies and the existing operating schedule and particularly the existing conditions relating to prevention of public nuisance.

e) The protection of children from harm

See box a) above and existing operating schedule.
