

## Agreed conditions with Environmental Health

1. Noise arising from live and amplified music and other regulated entertainment held at the premises, shall be inaudible at the nearest residential dwelling outside of the applicant's property boundary.
2. The Licence holder shall provide clear and legible notices to be displayed at prominent positions adjacent to exits and other circulatory areas requesting patrons to leave the premises having regard to the needs of local residents, in particular emphasising the need to refrain from shouting, slamming car doors and the sounding of car horns.
