Tel direct: 01670 622611

Date: Wednesday, 14 February 2024

Dear Sir or Madam,

Your attendance is requested at a meeting of the **NORTH NORTHUMBERLAND LOCAL AREA COMMITTEE** to be held in **MAIN HALL - ST JAMES'S URC, POTTERGATE, ALNWICK, NE66 1JW** on **THURSDAY, 22 FEBRUARY 2024** at **3.00 PM**.

Yours faithfully

Dr Helen Paterson
Chief Executive

To North Northumberland Local Area Committee members as follows:-

S Bridgett, G Castle (Chair), T Clark, C Hardy, G Hill (Vice-Chair), I Hunter, M Mather, W Pattison, G Renner-Thompson, C Seymour, M Swinbank, T Thorne and J Watson

Dr Helen Paterson, Chief Executive
County Hall, Morpeth, Northumberland, NE61 2EF
T: 0345 600 6400
www.northumberland.gov.uk

AGENDA

PART I

It is expected that the matters included in this part of the agenda will be dealt with in public.

1. APOLOGIES FOR ABSENCE

2. MINUTES

(Pages 1
- 6)

Minutes of the meeting of the North Northumberland Local Area Committee held on Thursday, 25 January 2024 as circulated, to be confirmed as a true record and signed by the Chair.

3. DISCLOSURE OF MEMBERS' INTERESTS

Unless already entered in the Council's Register of Members' interests, members are required where a matter arises at a meeting;

- a. Which **directly relates to** Disclosable Pecuniary Interest ('DPI') as set out in Appendix B, Table 1 of the Code of Conduct, to disclose the interest, not participate in any discussion or vote and not to remain in room. Where members have a DPI or if the matter concerns an executive function and is being considered by a Cabinet Member with a DPI they must notify the Monitoring Officer and arrange for somebody else to deal with the matter.
- b. Which **directly relates to** the financial interest or well being of a Other Registrable Interest as set out in Appendix B, Table 2 of the Code of Conduct to disclose the interest and only speak on the matter if members of the public are also allowed to speak at the meeting but otherwise must not take part in any discussion or vote on the matter and must not remain the room.
- c. Which **directly relates to** their financial interest or well-being (and is not DPI) or the financial well being of a relative or close associate, to declare the interest and members may only speak on the matter if members of the public are also allowed to speak. Otherwise, the member must not take part in discussion or vote on the matter and must leave the room.
- d. Which **affects** the financial well-being of the member, a relative or close associate or a body included under the Other Registrable Interests column in Table 2, to disclose the interest and apply the test set out at paragraph 9 of Appendix B before deciding whether they may remain in the meeting.
- e. Where Members have or a Cabinet Member has an Other

Registerable Interest or Non Registerable Interest in a matter being considered in exercise of their executive function, they must notify the Monitoring Officer and arrange for somebody else to deal with it.

NB Any member needing clarification must contact monitoringofficer@northumberland.gov.uk. Members are referred to the Code of Conduct which contains the matters above in full. Please refer to the guidance on disclosures at the rear of this agenda letter.

4. LOCAL TRANSPORT PLAN PROGRAMME AND HIGHWAY MAINTENANCE INVESTMENT IN U AND C ROADS AND FOOTWAYS PROGRAMME 2024-25

(Pages 7
- 26)

This report sets out the details of the draft Local Transport Plan (LTP) and Highway Maintenance Investment in U and C Roads and Footways programmes for 2024-25 for consideration and comment by the Local Area Committee, prior to final approval of the programme by the Executive Director for Place and Regeneration in consultation with the Cabinet Member for Improving our Roads and Highways.

5. DATE OF NEXT MEETING

The next meeting of the North Northumberland Local Area Committee is scheduled for Thursday, 28 March 2024 at 6:00 pm.

6. URGENT BUSINESS (IF ANY)

To consider such other business, as in the opinion of the Chair, should, by reason of special circumstances, be considered as a matter of urgency.

IF YOU HAVE AN INTEREST AT THIS MEETING, PLEASE:

- Declare it and give details of its nature before the matter is discussed or as soon as it becomes apparent to you.
- Complete this sheet and pass it to the Democratic Services Officer.

Name:		Date of meeting:	
Meeting:			
Item to which your interest relates:			
Nature of Interest i.e. either disclosable pecuniary interest (as defined by Table 1 of Appendix B to the Code of Conduct, Other Registerable Interest or Non-Registerable Interest (as defined by Appendix B to Code of Conduct) (please give details):			
Are you intending to withdraw from the meeting?		Yes - <input type="checkbox"/>	No - <input type="checkbox"/>

Registering Interests

Within 28 days of becoming a member or your re-election or re-appointment to office you must register with the Monitoring Officer the interests which fall within the categories set out in **Table 1 (Disclosable Pecuniary Interests)** which are as described in "The Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012". You should also register details of your other personal interests which fall within the categories set out in **Table 2 (Other Registerable Interests)**.

"Disclosable Pecuniary Interest" means an interest of yourself, or of your partner if you are aware of your partner's interest, within the descriptions set out in Table 1 below.

"Partner" means a spouse or civil partner, or a person with whom you are living as husband or wife, or a person with whom you are living as if you are civil partners.

1. You must ensure that your register of interests is kept up-to-date and within 28 days of becoming aware of any new interest, or of any change to a registered interest, notify the Monitoring Officer.
2. A 'sensitive interest' is as an interest which, if disclosed, could lead to the councillor, or a person connected with the councillor, being subject to violence or intimidation.
3. Where you have a 'sensitive interest' you must notify the Monitoring Officer with the reasons why you believe it is a sensitive interest. If the Monitoring Officer agrees they will withhold the interest from the public register.

Non participation in case of disclosable pecuniary interest

4. Where a matter arises at a meeting which directly relates to one of your Disclosable Pecuniary Interests as set out in **Table 1**, you must disclose the interest, not participate in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a 'sensitive interest', you do not have to disclose the nature of the interest, just that you have an interest.

Dispensation may be granted in limited circumstances, to enable you to participate and vote on a matter in which you have a disclosable pecuniary interest.

5. Where you have a disclosable pecuniary interest on a matter to be considered or is being considered by you as a Cabinet member in exercise of your executive function, you must notify the Monitoring Officer of the interest and must not take any steps or further steps in the matter apart from arranging for someone else to deal with it.

Disclosure of Other Registerable Interests

6. Where a matter arises at a meeting which **directly relates** to the financial interest or wellbeing of one of your Other Registerable Interests (as set out in **Table 2**), you must disclose the interest. You may speak on the matter only if members of the public are also allowed to speak at the meeting but otherwise must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a 'sensitive interest', you do not have to disclose the nature of the interest.

Disclosure of Non-Registerable Interests

7. Where a matter arises at a meeting which **directly relates** to your financial interest or well-being (and is not a Disclosable Pecuniary Interest set out in **Table 1**) or a financial interest or well-being of a relative or close associate, you must disclose the interest. You may speak on the matter only if members of the public are also allowed to speak at the meeting. Otherwise you must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a 'sensitive interest', you do not have to disclose the nature of the interest.
8. Where a matter arises at a meeting which **affects** –
- a. your own financial interest or well-being;
 - b. a financial interest or well-being of a relative or close associate; or
 - c. a financial interest or wellbeing of a body included under Other Registrable Interests as set out in **Table 2** you must disclose the interest. In order to determine whether you can remain in the meeting after disclosing your interest the following test should be applied
9. Where a matter (referred to in paragraph 8 above) **affects** the financial interest or well- being:
- a. to a greater extent than it affects the financial interests of the majority of inhabitants of the ward affected by the decision and;
 - b. a reasonable member of the public knowing all the facts would believe that it would affect your view of the wider public interest

You may speak on the matter only if members of the public are also allowed to speak at the meeting. Otherwise, you must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation.

If it is a 'sensitive interest', you do not have to disclose the nature of the interest.

Where you have an Other Registerable Interest or Non-Registerable Interest on a matter to be considered or is being considered by you as a Cabinet member in exercise of your executive function, you must notify the Monitoring Officer of the interest and must not take any steps or further steps in the matter apart from arranging for someone else to deal with it.

Table 1: Disclosable Pecuniary Interests

This table sets out the explanation of Disclosable Pecuniary Interests as set out in the [Relevant Authorities \(Disclosable Pecuniary Interests\) Regulations 2012](#).

Subject	Description
Employment, office, trade, profession or vocation	Any employment, office, trade, profession or vocation carried on for profit or gain. [Any unpaid directorship.]
Sponsorship	Any payment or provision of any other financial benefit (other than from the council) made to the councillor during the previous 12-month period for expenses incurred by him/her in carrying out his/her duties as a councillor, or towards his/her election expenses. This includes any payment or financial benefit from a trade union within the meaning of the Trade Union and Labour Relations (Consolidation) Act 1992.
Contracts	Any contract made between the councillor or his/her spouse or civil partner or the person with whom the councillor is living as if they were spouses/civil partners (or a firm in which such person is a partner, or an incorporated body of which such person is a director* or a body that such person has a beneficial interest in the securities of*) and the council — (a) under which goods or services are to be provided or works are to be executed; and (b) which has not been fully discharged.
Land and Property	Any beneficial interest in land which is within the area of the council. ‘Land’ excludes an easement, servitude, interest or right in or over land which does not give the councillor or his/her spouse or civil partner or the person with whom the councillor is living as if they were spouses/ civil partners (alone or jointly with another) a right to occupy or to receive income.
Licenses	Any licence (alone or jointly with others) to occupy land in the area of the council for a month or longer
Corporate tenancies	Any tenancy where (to the councillor’s knowledge)—

	<p>(a) the landlord is the council; and</p> <p>(b) the tenant is a body that the councillor, or his/her spouse or civil partner or the person with whom the councillor is living as if they were spouses/ civil partners is a partner of or a director* of or has a beneficial interest in the securities* of.</p>
Securities	<p>Any beneficial interest in securities* of a body where—</p> <p>(a) that body (to the councillor's knowledge) has a place of business or land in the area of the council; and</p> <p>(b) either—</p> <ul style="list-style-type: none"> i. the total nominal value of the securities* exceeds £25,000 or one hundredth of the total issued share capital of that body; or ii. if the share capital of that body is of more than one class, the total nominal value of the shares of any one class in which the councillor, or his/ her spouse or civil partner or the person with whom the councillor is living as if they were spouses/civil partners has a beneficial interest exceeds one hundredth of the total issued share capital of that class.

* 'director' includes a member of the committee of management of an industrial and provident society.

* 'securities' means shares, debentures, debenture stock, loan stock, bonds, units of a collective investment scheme within the meaning of the Financial Services and Markets Act 2000 and other securities of any description, other than money deposited with a building society.

Table 2: Other Registrable Interests

You have a personal interest in any business of your authority where it relates to or is likely to affect:

- a) any body of which you are in general control or management and to which you are nominated or appointed by your authority
- b) any body
 - i. exercising functions of a public nature
 - ii. any body directed to charitable purposes or
 - iii. one of whose principal purposes includes the influence of public opinion or policy (including any political party or trade union)

Agenda Item 2

NORTHUMBERLAND COUNTY COUNCIL

NORTH NORTHUMBERLAND LOCAL AREA COMMITTEE

At the meeting of the **North Northumberland Local Area Committee** held at Meeting Room 1 - Berwick Leisure Centre on Thursday, 25 January 2024 at 2.00 pm.

PRESENT

G Castle (Chair) (in the Chair)

MEMBERS

C Hardy
I Hunter
W Pattison
M Swinbank
J Watson

G Hill
M Mather
C Seymour
T Thorne

OTHER COUNCILLORS

G Sanderson

OFFICERS

K Keady
R Little

County Sports Development Manager
Assistant Democratic Services Officer

ALSO, IN ATTENDANCE

B Murray
C Jary
M Devon

Berwick Community Trust
Berwick Camera Club
Cornhill Community Action Group

Around 5 members of the press and public were present.

19 **APOLOGIES FOR ABSENCE**

Apologies were received from Councillors Bridgett, Clark, and Renner-Thompson.

20 **MINUTES**

RESOLVED that the minutes of the North Northumberland Local Area Committee meeting held on Thursday, 27 July 2023 and Thursday, 28 September 2023, as circulated, be a true record and signed by the Chair.

21 **PUBLIC QUESTION TIME**

Q.

A written question had been submitted from Shilbottle Parish Council which was read out to members.

“Has the County stopped consulting with Parish Councils on issues which will subsequently have a major impact on their resident’s ability to access services i.e.. Closure of central Greenwell Lane office in Alnwick and the transfer to the remote Lindisfarne Road.

The Chair raised this issue in writing with the Leader of the Council of 08 February 2023, almost 10 months ago and as yet to date had not even received an acknowledgement of the issue. Is this a foretaste of little or no communication in the future?”

A.

Cllr Sanderson read out the written response that was provided to members.

“Thank you for taking the time to write to explain your concerns about travelling to the new Lindisfarne Road Community hub.

The aim of the new community hub is to co-locate a number of important community services and activities including customer services, adult learning, Alnwick Town Council, the Citizen’s Advice Bureau, the local foodbank, and other community activities into one site.

The new site is due to open in April, and we will send you details of our open days and hope that you will be able to come and see the new facilities for yourself.

There will be spaces available for the community to run activities and we expect there to be a wide and varied programme of events.

We are mindful of the fact that the Lindisfarne Centre is outside of Alnwick town centre and some of our customers will have further to travel; however, when liaising with Alnwick Town Forum it was agreed that the benefits of the co-location with our community and voluntary sector partners would be of huge benefit to the community.

Finally, I would highlight that the Leader of the County Council, with relevant officers, continue to meet regularly with Town and Parish Councils on a wide range of issues (both with individual councils and in Town and Parish Councils conferences_ So, the County Council’s commitment to engaging with and listening to our Towns and Parishes remains as strong as ever.”

Q.

Berwick Town Council asked members if the Pawn Shop in Hide-Hill had received planning permission for the new frontage of the store.

A.

Councillor Seymour explained that she had reported the shop frontage to planning enforcement.

22 **PETITIONS**

- (a) Members noted that a petition called “Creation of Community Woodland on Sheilfield Terrace, Berwick between Dean Drive and Cornhill Road.” had been opened and a report would follow at a future North Northumberland Local Area Committee meeting once the petition had closed.
- (b) There were no petition reports for members to discuss.
- (c) No updates on previous petitions.

23 **BUDGET 2024-25 AND MEDIUM-TERM FINANCIAL PLAN**

Councillor Sanderson, Leader of the Council provided a presentation on the Council’s Corporate Plan and budget for 2024-25 where the options for achieving a balanced budget were given. He outlined the consultation process which took place between 12 December 2023 and 26 January 2024 and included presentations at all 5 of the Local Area Committees, an online questionnaire, policy conference, briefings for the political groups and individual meetings, and an online Question and Answer session on 31 January 2024.

The Council’s three priorities of Value for Money; Tackling Inequalities and Job Creation ran all through the proposed budget with more detailed information on proposed savings available within the Cabinet papers for the meeting on 16 January and further detail regarding initiatives and schemes which were presented at a meeting of the Corporate Services Overview and Scrutiny Committee and all Scrutiny members were invited to.

Councils had four main sources of revenue, namely:

- Council Tax;
- Government grants;
- Business Rates; and
- Fees and charges for services

Members were advised that the Council constantly lobbied Government in relation to sustainable funding for local services. Increased pressures on budgets were in part due to rising energy costs and prices for supplies and services along with pay inflation. Savings would be made by reducing the cost of overheads and potential efficiencies in the way services were delivered and Members were advised there would be no cuts to front line services. The Council’s reserves were in a healthy position and could be used where necessary to manage any transition.

The background to the Council’s finances was provided with the baseline gross budget for 2023/24 as follows:-

- Enabling Services (Transformation) - £147.948 million - providing professional and technical services to support residents and businesses directly and enable frontline services.
- Adults - £235.033 million - supporting vulnerable adults to live independently; assessment and good quality care and support services; safeguarding vulnerable adults; and protecting care services.
- Children, Young People and Education - £269.210 million - providing good quality schools (with 94% currently rated good or outstanding); SEND provision; skills opportunities and supporting families; and investing in the future.
- Public Health, Inequalities, and stronger Communities - £32.831 million- providing public health functions; Communities Together; leisure and culture; and partnerships with voluntary and community sector.
- Place and Regeneration - £131.699 million – supporting business start-up and growth; regenerating communities; investing in towns and villages; investing in jobs and skills development and highways maintenance and improvements.

Following the presentation Councillor Sanderson invited questions from members of the committee and public, which the following information was then provided:

- There was £325,000 in match fundings for the Maltings Project in the Capital Programme.
- £46 million had been allocated for Northumberland Schools.
- £15 million had been secured for SEND provision over a four year period to be spent in the County.

RESOLVED that this was noted.

24 **PLAYZONE SPORTS DEVELOPMENT PRESENTATION**

K. Keady - County Sports Development Manager, provided a presentation on the Playzone Project and gave a brief overview of the project and the next steps for the Berwick Playzone as well as the Alnwick Playzone and the emerging Wooler site.

The goal of the project was to get priority groups (lower socio-economic groups, women and girls, disabled people or those with long-term health conditions and ethnically diverse communities) more active by providing a multi-sport facility for the community. Northumberland County Council was invited to apply ahead of its opening nationally because of the successful “Get Onside” application which ran in Ashington and Berwick.

Two sites had been identified in Berwick for the location of the Playzone; Shielfield and Westfield Park with a series of community engagements events in each location carried out in June and July 2023 with 115 online consultation and 30 attendees at events. A number of sports and activities were suggested for the Playzone including 5-a-side leagues, fitness bootcamps and tennis with a number of people interested in volunteering and the private hire of the site.

Members noted the next steps to progress the site which comprised of the site being confirmed and registered with Football Foundation, the application for

planning permission, match funding of 25% of the total project to be sought as well as creating a site design.

Members thanked Kathie for attending and providing the update.

RESOLVED this was noted.

Councillors Pattison and Thorne left the meeting at this point.

25 **COMMUNITY CHEST PRESENTATIONS**

Councillor Hill introduced the recipients Community Chest Presentations to members and public explaining that funding was from NCC to support Community Groups and Organisations.

Berwick Community Trust

B. Murray introduced herself to as a member of the Berwick Community Trust.

Berwick Community Trust had invested their £1200 into defibrillator equipment for the community for emergency use, with further funding support from the community with £300 donated from the local pub and £600 in funding from the Trust. A local electrician had also donated their services and time and had installed the defibrillator.

Since going live, the North East Ambulance Service had directed members of the public to the box four times, but it had not been used for a variety of reasons. Each time the Trust receives a call to say that the defib has been removed and once it's returned the Trust checks over the equipment and places it back as active for emergency use.

B. Murray thanked members of the North Northumberland Local Area Committee on behalf of the Berwick Community Trust for their support.

Berwick Camera Club

C. Jary introduced himself as a member of the Berwick Camera Club and gave a brief insight to the Camera Club.

Berwick Camera Club had been running for over 50 years and members met weekly during the winter season and monthly during summer months in different locations for evening and Sunday shoots. The programme was renewed each year and consisted of talks, workshops, skills sessions as well as competitions and an annual exhibition linked to the Heritage Open Days, with the focus of the club being sharing skills and having fun with photography.

The club had invested their £1000 into the purchase of a new projector, screen, microphone, and speakers. The quality of the equipment means projected digital images looked more realistic, the club were able to use the projector to show images and an audio-visual presentation at their annual exhibition as well as being able to use Zoom to allow members to join meetings remotely as well as

use out of area guest speakers.

C. Jary showed members a video of some of the work produced by members of the club and thanked members of the North Northumberland Local Area Committee on behalf of Berwick Camera Club for their support.

Cornhill Community Action Group

M. Devon introduced himself as Chairman of Cornhill Community Action Group.

In 2019 Cornhill First School was offered to Cornhill Parish Council as a Community Asset transfer, where a public meeting was held, and it was the community view that the Cornhill Community Action Group should develop the 1993 school building and fields for community use.

M. Devon showed members photos of works being completed, some crafting workshops as well some of the local outlets which are in the building and thanked members of the North Northumberland Local Area Committee on behalf of Cornhill Community Action Group for their support.

RESOLVED this was noted.

26 **LOCAL AREA COMMITTEE WORK PROGRAMME**

RESOLVED that this was noted.

27 **DATE OF NEXT MEETING**

RESOLVED that the next meeting of the North Northumberland Local Area Committee was noted as Thursday, 28 March 2024.

CHAIR.....

DATE.....

Northumberland County Council

North Northumberland Local Area Committee

Thursday 22 February 2024

LOCAL TRANSPORT PLAN PROGRAMME AND HIGHWAY MAINTENANCE INVESTMENT IN U AND C ROADS AND FOOTWAYS PROGRAMME 2024-25

Report of Councillor(s) John Riddle, Cabinet Member for Improving Roads and Highways

Responsible Officer(s): Simon Neilson, Executive Director - Place and Regeneration

1. Link to Key Priorities of the Corporate Plan

This report is relevant to the following key themes in the Corporate Plan for 2023-2026:

- 'Achieving Value for Money' - the proposed programme has been developed in accordance with Transport Asset Management Principles.
- 'Tackling inequalities' - the programme of improvements enhances accessibility for transport users
- 'Driving economic growth' - a well maintained and connected transport network supports economic growth

2. Purpose of report

This report sets out the details of the draft Local Transport Plan (LTP) and Highway Maintenance Investment in U and C Roads and Footways programmes for 2024-25 for consideration and comment by the Local Area Committee, prior to final approval of the programme by the Executive Director for Place and Regeneration in consultation with the Cabinet Member for Improving our Roads and Highways.

3. Recommendations

Members of the Local Area Committee are asked to comment on the proposals, so that their comments can be considered in the finalisation of the LTP 2024-25 programme and the additional £4.45m Highway Maintenance Investment in U and C Roads and Footways Programme to be carried out in 2024/25.

4. Key Issues

- 4.1 The Local Transport Plan grant allocation is determined for the Council by the Department of Transport (DfT). The draft LTP programme 2024/25 is based on a settlement from DfT of £26,256,124.
- 4.2 A sum of £62,500 of the overall allocation will be retained by the North East Joint Transport Committee to cover central transport costs of the Joint Transport Committee. A £26,193,624 Council Local Transport Plan programme has therefore been developed for 2024-25, consisting of improvements and maintenance schemes to address four key areas: Sustainable Transport; Safety; Roads; and Bridges, Structures & Landslips.
- 4.3 Appendix A to D sets out the details of the recommended LTP Programme for 2024-25.
- 4.4 The final LTP programme will need to be reviewed and refined as appropriate to reflect the actual level of funding received from DfT and following consideration of feedback from the LACs, before being finalised in late February 2024.
- 4.5 The Council is also intending to carry out an additional £4,450,000 “Highway Maintenance Investment in U and C Roads and Footways” programme utilising Council capital funding. The programme for this investment has been developed to address the deterioration of the lower categories of the network following a comprehensive review of the needs of all our roads and footways. Appendix E sets out the detail of this recommended programme.
- 4.6 The funding for the programmes is subject to approval of the Council’s capital programme at the County Council meeting on 21st February 2024.

5. Background

LTP PROGRAMME 2024 - 25

The draft LTP programme 2024/25 is based on a settlement from DfT of £26,256,124, which reflects a current baseline allocation of 21,780,000 for maintenance, a further additional £2,768,000 funding for 2024/25 for maintenance and £1,708,124 for integrated transport improvements. A sum of £62,500 of the integrated transport allocation will be retained by the North East Joint Transport Committee to cover central transport costs of the Joint Transport Committee, leaving a funding allocation for the Council’s 2024/25 LTP programme of £26,193,624.

The £26,193,624 Local Transport Plan programme developed for 2024-25 consists of improvements and maintenance schemes to address four key areas: Sustainable Transport; Safety; Roads; and Bridges, Structures & Landslips, the details of the 2024/25 LTP programme are set out in Appendix A to D.

The summary of proposed expenditure in 2024-25 across scheme types is as follows :

Appendix	Scheme Type	Proposed Expenditure
A	Sustainable Transport	£1,932,000
B	Safety	£1,995,000
C	Roads	£18,700,624
D	Bridges, Structures and Landslips	£3,566,000
	Total Programme	£26,193,624

The LTP programme has been developed following a comprehensive review of the needs for the maintenance of the highway asset, identified road safety issues and potential improvement of the highway and transport network. Requests for improvements and maintenance received from the local community over time are recorded in the Directory of Requests database. County Council Members and Town and Parish Councils are provided with details of requests made from their own areas throughout the last year and they are asked to take these into account when considering their priorities for the programme.

Priorities for the 2024-25 programme were invited from County Council Members and Town and Parish Councils during summer 2023 and those put forward have been assessed against criteria from the Local Transport Plan and Transport Asset Management Plan (TAMP). These are then combined with consideration of road safety improvement needs, based on accident statistics and other data sources, and the asset management needs of the overall highway network, based on inspections, condition data and the network hierarchy, to determine an overall programme of capital investment.

It should be noted that in some cases the budget allocations contained in the Appendices to this report are estimates only. At this stage it is the issue or problem that has been prioritised for inclusion in the programme and the design process will provide options for finding a solution. The assessment of options takes account of a number of factors including value for money and affordability. Costs will be firmed up as the proposals proceed through the design process.

It should also be noted that any schemes from the 2023-24 programme which are not completed by the end of the financial year will continue to be implemented in 2024-25 and are not detailed in this report.

A brief description of the types of highways and transport issues addressed by the LTP programme is set out below.

Priority for Integrated Transport is given to schemes that contribute to the achievements of the LTP objectives. The objectives reflect local needs and are related to North East Transport Plan (NETP) goals. The NETP is centred on connecting people to good employment opportunities, generating economic growth, while enabling the region and its people to move to healthier and greener more sustainable ways of travel.

The improvement part of the programme is aimed at creating improvements for all types of users of the highway network. The allocations are split between different types of proposals aimed at making improvements for sustainable transport, as well as improvements for vehicular users such as public transport and road users. The improvements are designed to make the highway environment more attractive to

pedestrians and cyclists, address areas of congestion and meet new and increased demands.

The Highway Capital Maintenance programme is split between different types of proposals aimed at maintaining the highway infrastructure by achieving objectives set out in the Council's Transport Asset Management Plan (TAMP). Funds are allocated across the programme by applying a scoring process that has been developed following asset management principles in order to deliver the TAMP objectives.

The majority of the highway maintenance programme is aimed at addressing the structural decline of our roads as they form the largest part of our highway assets. We also take account of the needs of the other asset groups such as footways and cycleways, drainage, structures and traffic management assets. A risk based approach is used to determine priorities for maintenance and is based on priorities at a strategic level, transport network level and asset maintenance level.

It should be noted that proposed expenditure for Maintenance within the programme is £24,221,624 and for Integrated Transport is £1,972,000. These are generally in line with the expected allocations, but with Integrated Transport slightly exceeding the allocation and Maintenance expenditure set to balance this.

Sustainable Transport

Improvements for sustainable transport are a significant feature within the LTP programme. This year the draft LTP for 2024-25 has a specific allocation of £1,932,000 for sustainable transport as set out in Appendix A attached to this report.

This allocation includes £327,000 for schemes that provide improvements for sustainable transport including walking and cycling, as well as £1,605,000 for maintaining existing footpaths (rights of way), footways (along the side of the road) and cycleways (either part of the road or adjacent to it). The maintenance allocation includes a £200,000 contribution to a wider regeneration funded scheme to improve the cobbles at Bondgate Within in Alnwick.

Alongside these specific allocations, it should be noted that much of the Safety element of the programme in Appendix B will also contribute to ensuring that the highway environment is improved in a way that will encourage more walking and cycling.

It should be noted that the Council continues with its initiative to produce Local Cycling and Walking Infrastructure Plans (LCWIPs) in Northumberland's main towns. Focusing on the main towns will ensure that key employment sites, travel to work areas, school transport interchanges and significant new housing developments are all considered. It is anticipated that as the LCWIPs develop then they will become a key consideration in future when bidding for external funding, seeking developer contributions and allocating funds within future LTP programmes for cycling and walking schemes.

Major new cycleways are currently being implemented at Ponteland to Callerton, North Seaton Road Ashington, A193 south of Bondicar Terrace Blyth, Hexham to Corbridge, Bedlington and Blyth Town Centre to Bebside through funding streams including Active Travel Fund, Transforming Cities Fund, Levelling Up Fund and Energising Blyth.

It should be noted that a number of County Councillors and Town and Parish Councils put forward priorities for the introduction of new cycleways and footways which when assessed were considered to be beyond the funding scope that would be available through the LTP capital programme. The details of these potential cycleways and

footways have been captured separately and recorded so that they can also be considered should any other appropriate sources of external funding or bidding opportunities for such schemes become available.

The details of the draft LTP Sustainable Transport Programme of £1,932,000 for 2024-25 is set out in Appendix A, attached to this report.

Safety

An allocation of £1,995,000 has been made to improve safety on the highway network. Details of the programme are set out in Appendix B attached to this report.

£1,245,000 is aimed at reducing the number and severity of road traffic casualties, through a programme of local safety schemes. Funding available for safety improvements to High Risk Sites will be at an increased level of £600,000 compared to £400,000 in 2023-24. It also includes allocations of £200,000 for Rural Road Safety Improvements and £100,000 for Urban Road Safety Improvements.

£400,000 has been allocated to improve traffic management and traffic calming measures. Much of this funding will also create safer conditions where road safety concerns have been identified which will in turn encourage more walking and cycling.

A £350,000 allocation has been included to continue with the general refurbishment and renewal of existing signage and the replenishment of existing road markings. Both of these activities seek to improve the general safety for the highway user.

Roads

This section of the programme is the largest part of the programme with an allocation of £18,700,624 for maintenance of existing roads, including drainage, traffic lights and car park maintenance.

The programme is guided by the principles of effective asset management and is made up of £8,686,000 for named carriageway repair and drainage schemes (of which £3,135,000 is on major roads and the resilient road network and £5,551,000 on other local roads); £4,655,000 for surface dressing; £565,000 for micro surfacing and retexturing; and finally £4,794,624 of general refurbishment which includes drainage, traffic signals, car parks and footways as well as preparatory work for the next year's surface treatment programme.

A trial was carried out during summer 2023 which has indicated that an enhanced programme of planned structural patching would be beneficial to the condition and ride quality of the highway network. Programmes of structural patching are already carried out through the General Carriageway Refurbishment element of the LTP roads programme and Small Works element of the U and C Roads programme, but a further enhanced programme of structural patching will be considered utilising any further additional funding that is allocated to highway maintenance above the levels shown in this report.

The details of the draft Roads Programme for 2024-25 is set out in Appendix C attached to this report.

Bridges, Structures and Landslips

An allocation of £2,816,000 has been made for bridge maintenance. Again, effective asset management is the main driver. This includes a programme that also addresses the maintenance backlog by providing bridge strengthening to a number of bridges as this continues to remain a key objective.

There is also an allocation of £750,000 for addressing landslips to enable stabilisation work as a cost effective approach to prevent the deterioration and potential loss of use of the network at critical locations throughout the County.

The details of the Bridges, Structures and Landslips Programme of £3,566,000 for 2024-25 is set out in Appendix D, attached to this report.

Highway Maintenance Investment in U and C Roads and Footways

The “Highway Maintenance Investment in U and C Roads and Footways” programme will provide repairs to those minor roads and footways already in poor condition, which will improve the overall condition of this network, building resilience and reducing long term costs. This will help to reduce the number of potholes that arise, improve condition and ride quality and minimise the need for future repairs in these areas. Identification and prioritisation of schemes has taken into account asset management principles in order to deliver Northumberland’s Transport Asset Management Plan (TAMP) objectives.

The programme to address deterioration across the lower categories of our network has been split into three packages of work:

- a. Carriageway Repairs which will address some of the worst sections of the minor road network, providing essential structural maintenance and resurfacing works over and above that already planned within the LTP.
- b. Footway Repairs to address some of the footways in the County’s towns and villages which are considered to be in the most urgent need of repair.
- c. Small Works to Minor Roads which will allow us to address those more discrete areas situated on the minor road network that are identified by the Area Teams to be in poor condition. Works will consist of smaller areas of resurfacing and structural patching

The details of the Highway Maintenance Investment in U and C Roads and Footways Programme of £4,450,000 for 2024-25 is set out in Appendix E, attached to this report.

Next Steps

Following consideration by Local Area Committees at their meetings in February, any comments received will be considered and the final 2024-25 programmes for the Local Transport Plan and Highway Maintenance Investment in U and C Roads and Footways will be prepared for consideration and approval by the Portfolio Holder for Improving our Roads and Highways and the Executive Director for Place and Regeneration.

Following agreement of the final programme, all County Council members and Town and Parish Councils who put forward priorities for the LTP programme will then be provided with further information regarding the outcome of the assessment of their submission and whether it has been possible to include their priority schemes within the programme this year.

6. Implications

Policy	The proposed programme is consistent with existing policies
---------------	---

Finance and value for money	The LTP Programme allocations are within the expected budget available for 2024-25
Legal	The LTP is delivered by the County Council using its powers and in fulfilment of its statutory duties as a Highways Authority, primarily under the provisions of the Highways Act 1980
Procurement	None
Human resources	None
Property	None
The Equalities Act: is a full impact assessment required and attached?	No - not required at this point As a key issue for Northumberland, the needs of those that are socially excluded have been taken into account in the development of this programme. Improvement to footways will improve accessibility for pedestrians and those with mobility issues
Risk assessment	The programme has been developed to minimise risks to the travelling public whether they are travelling on our roads or footways. Risks to the delivery of any individual scheme within the programme will be considered during scheme development. By managing risk at a scheme level, the risks to delivery of the overall programme will be controlled.
Crime and disorder	None
Customer considerations	The delivery of the programme will improve the highways and transport network in Northumberland for the benefit of the travelling public
Carbon reduction	Schemes to improve infrastructure for walking and cycling and road safety measures encourage more active travel.
Health and wellbeing	Schemes to encourage more active travel through improved infrastructure for walking and cycling, road safety measures and improvement to the condition of footways and roads all act to improve the overall health and wellbeing of our communities
Wards	(All Wards);
