Date: Thursday, 1 February 2024

Dear Sir or Madam,

Your attendance is requested at a meeting of the **TYNEDALE LOCAL AREA COMMITTEE** to be held in **CEREMONY ROOM - HEXHAM HOUSE** on **TUESDAY, 13 FEBRUARY 2024** at **4.00 PM**.

Yours faithfully

Dr Helen Paterson
Chief Executive

To Tynedale Local Area Committee members as follows:-

T Cessford (Chair), H Waddell (Vice-Chair), S Fairless-Aitken (Vice-Chair (Planning)), A Dale, C Horncastle, JI Hutchinson, D Kennedy, N Morphet, N Oliver, J Riddle, A Scott, A Sharp and G Stewart

Dr Helen Paterson, Chief Executive
County Hall, Morpeth, Northumberland, NE61 2EF
T: 0345 600 6400

AGENDA

PART I

It is expected that the matters included in this part of the agenda will be dealt with in public.

1. APOLOGIES FOR ABSENCE

2. MINUTES

(Pages 1
- 6)

Minutes of the meeting of the Tynedale Local Area Committee, held on 16 January 2024, as circulated, to be confirmed as a true record, and signed by the Chair.

3. DISCLOSURE OF MEMBERS' INTERESTS

Unless already entered in the Council's Register of Members' interests, members are required where a matter arises at a meeting;

- a) Which **directly relates to** Disclosable Pecuniary Interest ('DPI') as set out in Appendix B, Table 1 of the Code of Conduct, to disclose the interest, not participate in any discussion or vote and not to remain in room. Where members have a DPI or if the matter concerns an executive function and is being considered by a Cabinet Member with a DPI they must notify the Monitoring Officer and arrange for somebody else to deal with the matter.
- b) Which **directly relates to** the financial interest or well being of a Other Registrable Interest as set out in Appendix B, Table 2 of the Code of Conduct to disclose the interest and only speak on the matter if members of the public are also allowed to speak at the meeting but otherwise must not take part in any discussion or vote on the matter and must not remain the room.
- c) Which **directly relates to** their financial interest or well-being (and is not DPI) or the financial well being of a relative or close associate, to declare the interest and members may only speak on the matter if members of the public are also allowed to speak. Otherwise, the member must not take part in discussion or vote on the matter and must leave the room.
- d) Which **affects** the financial well-being of the member, a relative or close associate or a body included under the Other Registrable Interests column in Table 2, to disclose the interest and apply the test set out at paragraph 9 of Appendix B before deciding whether they may remain in the meeting.
- e) Where Members have or a Cabinet Member has an Other Registerable Interest or Non Registerable Interest in a matter being considered in exercise of their executive function, they must notify the Monitoring

Officer and arrange for somebody else to deal with it.

NB Any member needing clarification must contact monitoringofficer@northumberland.gov.uk. Members are referred to the Code of Conduct which contains the matters above in full. Please refer to the guidance on disclosures at the rear of this agenda letter.

4. LOCAL TRANSPORT PLAN PROGRAMME AND HIGHWAY MAINTENANCE INVESTMENT IN U AND C ROADS AND FOOTWAYS PROGRAMME 2024-25

(Pages 7
- 26)

This report sets out the details of the draft Local Transport Plan (LTP) and Highway Maintenance Investment in U and C Roads and Footways programmes for 2024-25 for consideration and comment by the Local Area Committee, prior to final approval of the programme by the Executive Director for Place and Regeneration in consultation with the Cabinet Member for Improving our Roads and Highways.

5. DATE OF NEXT MEETING

The next meeting will be held on Tuesday 19 March 2024.

6. URGENT BUSINESS

To consider such other business as, in the opinion of the Chair, should, by reason of special circumstances, be considered as a matter of urgency.

IF YOU HAVE AN INTEREST AT THIS MEETING, PLEASE:

- Declare it and give details of its nature before the matter is discussed or as soon as it becomes apparent to you.
- Complete this sheet and pass it to the Democratic Services Officer.

Name:		Date of meeting:	
Meeting:			
Item to which your interest relates:			
Nature of Interest i.e. either disclosable pecuniary interest (as defined by Table 1 of Appendix B to the Code of Conduct, Other Registerable Interest or Non-Registerable Interest (as defined by Appendix B to Code of Conduct) (please give details):			
Are you intending to withdraw from the meeting?		Yes - <input type="checkbox"/>	No - <input type="checkbox"/>

Registering Interests

Within 28 days of becoming a member or your re-election or re-appointment to office you must register with the Monitoring Officer the interests which fall within the categories set out in **Table 1 (Disclosable Pecuniary Interests)** which are as described in "The Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012". You should also register details of your other personal interests which fall within the categories set out in **Table 2 (Other Registerable Interests)**.

"Disclosable Pecuniary Interest" means an interest of yourself, or of your partner if you are aware of your partner's interest, within the descriptions set out in Table 1 below.

"Partner" means a spouse or civil partner, or a person with whom you are living as husband or wife, or a person with whom you are living as if you are civil partners.

1. You must ensure that your register of interests is kept up-to-date and within 28 days of becoming aware of any new interest, or of any change to a registered interest, notify the Monitoring Officer.
2. A 'sensitive interest' is as an interest which, if disclosed, could lead to the councillor, or a person connected with the councillor, being subject to violence or intimidation.
3. Where you have a 'sensitive interest' you must notify the Monitoring Officer with the reasons why you believe it is a sensitive interest. If the Monitoring Officer agrees they will withhold the interest from the public register.

Non participation in case of disclosable pecuniary interest

4. Where a matter arises at a meeting which directly relates to one of your Disclosable Pecuniary Interests as set out in **Table 1**, you must disclose the interest, not participate in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a 'sensitive interest', you do not have to disclose the nature of the interest, just that you have an interest.

Dispensation may be granted in limited circumstances, to enable you to participate and vote on a matter in which you have a disclosable pecuniary interest.

5. Where you have a disclosable pecuniary interest on a matter to be considered or is being considered by you as a Cabinet member in exercise of your executive function, you must notify the Monitoring Officer of the interest and must not take any steps or further steps in the matter apart from arranging for someone else to deal with it.

Disclosure of Other Registerable Interests

6. Where a matter arises at a meeting which **directly relates** to the financial interest or wellbeing of one of your Other Registerable Interests (as set out in **Table 2**), you must disclose the interest. You may speak on the matter only if members of the public are also allowed to speak at the meeting but otherwise must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a 'sensitive interest', you do not have to disclose the nature of the interest.

Disclosure of Non-Registerable Interests

7. Where a matter arises at a meeting which **directly relates** to your financial interest or well-being (and is not a Disclosable Pecuniary Interest set out in **Table 1**) or a financial interest or well-being of a relative or close associate, you must disclose the interest. You may speak on the matter only if members of the public are also allowed to speak at the meeting. Otherwise you must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a 'sensitive interest', you do not have to disclose the nature of the interest.
8. Where a matter arises at a meeting which **affects** –
- your own financial interest or well-being;
 - a financial interest or well-being of a relative or close associate; or
 - a financial interest or wellbeing of a body included under Other Registrable Interests as set out in **Table 2** you must disclose the interest. In order to determine whether you can remain in the meeting after disclosing your interest the following test should be applied
9. Where a matter (referred to in paragraph 8 above) **affects** the financial interest or well- being:
- to a greater extent than it affects the financial interests of the majority of inhabitants of the ward affected by the decision and;
 - a reasonable member of the public knowing all the facts would believe that it would affect your view of the wider public interest

You may speak on the matter only if members of the public are also allowed to speak at the meeting. Otherwise, you must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation.

If it is a 'sensitive interest', you do not have to disclose the nature of the interest.

Where you have an Other Registerable Interest or Non-Registerable Interest on a matter to be considered or is being considered by you as a Cabinet member in exercise of your executive function, you must notify the Monitoring Officer of the interest and must not take any steps or further steps in the matter apart from arranging for someone else to deal with it.

Agenda Item 2

NORTHUMBERLAND COUNTY COUNCIL

TYNEDALE LOCAL AREA COUNCIL

At a meeting of the **Tynedale Local Area Council** held at Hexham House, Gilesgate, Hexham, Northumberland, NE46 3NH on Tuesday, 16 January 2024 at 6.00 p.m.

PRESENT

Councillor T Cessford
(Chair), in the Chair)

MEMBERS

C Horncastle
D Kennedy
N Morphet
N Oliver
JR Riddle

A Scott
A Sharp
G Stewart
H Waddell

OTHER MEMBERS

R Wearmouth

Deputy Leader and Portfolio Holder
for Corporate Services

OFFICERS

I Hewitt
N Turnbull

Rural Business Growth Programme
Manager
Democratic Services Officer

ALSO PRESENT

1 member of the press.

34. APOLOGIES FOR ABSENCE

Apologies for absence were received from Councillors Dale, Fairless-Aitken and Hutchinson.

35. MINUTES

RESOLVED that the minutes of the following meeting of the Tynedale Local Area Council, held on 21 November 2023, as circulated, be confirmed as a true record and signed by the Chair.

Ch.'s Initials.....

36. PUBLIC QUESTION TIME

There were no questions from members of the public.

37. PETITIONS

This item was to:

a) Receive any new petitions:

It was reported that a new e-petition 'Implement traffic calming measures on Causey Hill, Hexham had been opened on the Council's website.

The e-petition 'A68 Safety Improvements' had been closed with 81 signatures. A report would be prepared for a future meeting.

b) Consider reports on petitions previously received:

There were none to consider.

c) To consider updates on petitions previously considered:

There were none to consider.

38. BUDGET 2024-25 AND MEDIUM-TERM FINANCIAL PLAN

Councillor Wearmouth, Deputy Leader of the Council and Portfolio Holder for Corporate Services gave a presentation to outline the approach being taken to set the budget for the next financial year with focus on its key priorities including achieving value for money, tackling inequalities and driving economic growth as well as working towards net zero.

He outlined the consultation process taking place between 12 December 2023 and 26 January 2024 which included presentations at all 5 of the Local Area Committees, an online questionnaire, policy conference, briefings for the political groups and individual meetings, and an online Question and Answer session by the Leader on 31 January 2024. The detail regarding initiatives and schemes would be presented at a meeting of the Corporate Services Overview and Scrutiny Committee which all members would be invited to. (A copy of the presentation is enclosed with the signed minutes.)

Members were referred to 3 important documents which provided relevant information to the budget consultation:

- Budget Engagement 2024/25
- Agenda papers for the meeting of Cabinet on 16 January 2024
- Capital Programme

The presentation outlined:

- The sources of revenue funding:
 - Council Tax;
 - Government grants;
 - Business Rates; and
 - Fees and charges for services
- Options for achieving a balanced budget.
- Background to the Council's finances.
- Proposals for all of the service areas including details of current budget pressures, investments planned and proposals for what could be done differently (the details was contained within the online Budget Engagement documentation):
 - Enabling Services – savings proposed of £2.854 million.
 - Adults – budget £235 million; savings proposed of £3.63 million.
 - Children, Young People and Education – budget £269.2 million; savings proposed of £2.084 million.
 - Public Health, Inequalities and Stronger Communities – budget £32.8 million; savings proposed of £0.7 million.
 - Place and Regeneration – budget £131.7 million; savings proposed of £1.591 million.

Many areas of the Council were experiencing:

- Increasing costs for supplies and services including energy.
- Increasing demands on Children's and Education budgets.
- Increasing demand for care and support to vulnerable adults and older people.
- Interest rates had also increased leading to a review of the Capital Programme. The programme was funded by borrowing; for every £1 million borrowed, the cost to the revenue budget was approximately £0.088 million.

The following comments were made in response to members questions:-

- £5 million had been set aside for projects in the Hexham area including the Hexham High Streets Heritage Action Zone (HSHAZ), the Corbridge to Hexham Cycle Route as well as additional funds in a pot of money identified for strategic regeneration projects. These were not itemised individually to provide flexibility on how the budget was spent in year. Discussions were ongoing regarding a large site within the town and would be progressed if the scheme represented value for money for the Council and residents.
- Compulsory redundancies were not envisaged by the Council. Some services were contracted to other providers.
- A procurement exercise had seen the leisure contract awarded to a new supplier with effect from 1 April 2024 which would hopefully provide some additional social value to residents. It was hoped that the Portfolio Holder

for Promoting Healthy Lives would be arranging an information event for all councillors nearer to the handover date. The majority of Active Northumberland staff would be TUPE transferred to the new provider. The Council had made significant investment in its leisure services with membership numbers increasing at a time when other local authority leisure establishments were being closed around the country.

- The Conservative administration had adopted a different economic model in 2017 to reduce high levels of debt which would have been unsustainable. Similarly high levels of borrowing had recently seen some local authorities become bankrupt. Council reserves had been utilised in the short term to meet a revenue gap which should be corrected over time. The BEST programme would place the Council in a strong position in the future.
- Government funding for the Capital Programme was to be spent by 2026 when it was anticipated that the scale of the programme would be reduced. Further information could be provided outside of the meeting.
- The cost of Home to School transport for SEND students was unknown and potentially not itemised. Further information should be requested outside of the meeting. Consideration was being given on how services could be better delivered to meet the needs of children and young people within Northumberland.
- Public conveniences in Haltwhistle and Hexham were due to be refurbished within the next year as part of a £150,000 programme.
- Additional resource had been allocated to progress the Borderlands programme which had unfortunately been delayed due to a number of staff leaving. Further details on the programme could be obtained from the Portfolio Holder for Supporting Business and Opportunities or the Executive Director – Place and Regeneration.

Councillors who had made suggestions regarding expansion of Hexham Priory School into Dene Park House and enquired about the home to school transport for students with Special Education Needs and Disabilities (SEND) were requested to put these in writing to the Deputy Leader so that more detailed replies could be provided by the Executive Director - Children, Young People and Education.

The Chair thanked Councillor Wearmouth for his presentation.

RESOLVED that the presentation be received.

39. UPDATE ON FUNDING PROGRAMMES

Ivan Hewitt, Rural Business Growth Programme Manager, Economy & Regeneration Service, was in attendance to give a presentation about current funding programmes.). (A copy of the presentations are enclosed with the signed minutes).

The Northumberland Small Business Service (NSBS) was delivered by Advance Northumberland on behalf of Northumberland County Council and

part funded by the North of Tyne Combined Authority Investment Fund and the UK Shared Prosperity Fund and the Rural England Prosperity Fund. The 3-year Programme would deliver business growth, diagnostic and brokerage services to all small and micro businesses (10 and 50 employees or less) across Northumberland, except the former areas of Wansbeck District Council and Blyth Borough Valley Council, to unlock the barriers to growth specifically for rural businesses.

He summarised the objectives of the programme and the 4 strands of support available:

- Growth and Resilience Support
- Start up and Enterprise Support – delivered by the SME Centre for Excellence
- Farming Enterprise Support – delivered by the Northumberland National Park Authority
- The NSBS Grant Investment Fund

For each strand of support the following was outlined:

- An overview of the types of support available including 121s and workshops on a range of subjects depending on the strand.
- Eligibility criteria.
- Grant application process.

In respect of the NSBS Grant Investment Fund, he explained that there was a minimum grant value of £10,000 up to a maximum of £300,000 (subject to Subsidy Control Thresholds) with a 40% intervention rate (the minimum project value equated to £25,000.)

Businesses were required to register with the Northumberland Small Business Service Website via the website at www.northumberlandsmb.co.uk.

In addition, a second presentation was also shared with the committee on the Rural Asset Multiplier Pilot Programme (RAMP) which would provide support for community organisations which were not traditionally income generating in two pilot areas, the Northumberland Coast AONB area and Northumberland National Park area although bids from projects in other rural areas would be considered if they met criteria. Examples of eligible activities were set out as well as ineligible sectors or activities that would not be funded.

Members of the committee were asked to share and promote information about the support and grant funds available.

In response to questions, the following information was provided:-

- It was expected that the new Combined Authority, replacing North of Tyne, would continue as the lead authority for the distribution of Shared prosperity funding or equivalent going forward.

- Whilst some of the funds were required to be utilised by March 2025, it was anticipated that further funding would be made available for the programmes to continue beyond this period.
- The presentations would be circulated electronically following the meeting.
- In principle, community rural energy projects and feasibility studies could be eligible for RAMP funding.
- Up to 100% funding could be available for projects such as cycle tracks, foot paths, nature reserves where no income was generated. Organisations such as village halls which generated income through the hire of facilities could potentially receive 80% project funding. The minimum grant funding for organisations / business which generated income and made a profit was 40%.
- Whilst the first deadline for the submission of RAMP had closed in December 2023 and had been oversubscribed. Those applications were in the process of being appraised and not all of the funding had been allocated. Therefore, there could potentially be a second call for projects in the next few months if there was a project underspend. Organisations were therefore encouraged to contact the service to see what assistance could be provided be available.

RESOLVED that the presentations be received.

40. LOCAL AREA COUNCIL WORK PROGRAMME

A list of agreed items for future Local Area Council meetings was circulated. (A copy is enclosed with the minutes.)

Members were invited to email any requests to the Chair and / or Democratic Services Officer between meetings.

RESOLVED that the work programme be noted.

41. DATE OF NEXT MEETING

The next meeting would be held on Tuesday 13 February 2024 following the meeting of the Tynedale Local Area Planning Committee to consider the draft Local Transport Plan.

CHAIR _____

DATE _____

Northumberland County Council

Tynedale Local Area Committee

Tuesday, 13 February 2024

LOCAL TRANSPORT PLAN PROGRAMME AND HIGHWAY MAINTENANCE INVESTMENT IN U AND C ROADS AND FOOTWAYS PROGRAMME 2024-25

Report of Councillor(s) John Riddle, Cabinet Member for Improving Roads and Highways

Responsible Officer(s): Simon Neilson, Executive Director - Place and Regeneration

1. Link to Key Priorities of the Corporate Plan

This report is relevant to the following key themes in the Corporate Plan for 2023-2026:

- 'Achieving Value for Money' - the proposed programme has been developed in accordance with Transport Asset Management Principles.
- 'Tackling inequalities' - the programme of improvements enhances accessibility for transport users
- 'Driving economic growth' - a well maintained and connected transport network supports economic growth

2. Purpose of report

This report sets out the details of the draft Local Transport Plan (LTP) and Highway Maintenance Investment in U and C Roads and Footways programmes for 2024-25 for consideration and comment by the Local Area Committee, prior to final approval of the programme by the Executive Director for Place and Regeneration in consultation with the Cabinet Member for Improving our Roads and Highways.

3. Recommendations

- 3.1 Members of the Local Area Committee are asked to comment on the proposals, so that their comments can be considered in the finalisation of the LTP 2024-25 programme and the additional £4.45m Highway Maintenance Investment in U and C Roads and Footways Programme to be carried out in 2024/25.

4. Key Issues

- 4.1 The Local Transport Plan grant allocation is determined for the Council by the Department of Transport (DfT). The draft LTP programme 2024/25 is based on a settlement from DfT of £26,256,124.
- 4.2 A sum of £62,500 of the overall allocation will be retained by the North East Joint Transport Committee to cover central transport costs of the Joint Transport Committee. A £26,193,624 Council Local Transport Plan programme has therefore been developed for 2024-25, consisting of improvements and maintenance schemes to address four key areas: Sustainable Transport; Safety; Roads; and Bridges, Structures & Landslips.
- 4.3 Appendix A to D sets out the details of the recommended LTP Programme for 2024-25.
- 4.4 The final LTP programme will need to be reviewed and refined as appropriate to reflect the actual level of funding received from DfT and following consideration of feedback from the LACs, before being finalised in late February 2024.
- 4.5 The Council is also intending to carry out an additional £4,450,000 “Highway Maintenance Investment in U and C Roads and Footways” programme utilising Council capital funding. The programme for this investment has been developed to address the deterioration of the lower categories of the network following a comprehensive review of the needs of all our roads and footways. Appendix E sets out the detail of this recommended programme.
- 4.6 The funding for the programmes is subject to approval of the Council’s capital programme at the County Council meeting on 21st February 2024.

5. Background

LTP PROGRAMME 2024 - 25

- 5.1 The draft LTP programme 2024/25 is based on a settlement from DfT of £26,256,124, which reflects a current baseline allocation of 21,780,000 for maintenance, a further additional £2,768,000 funding for 2024/25 for maintenance and £1,708,124 for integrated transport improvements. A sum of £62,500 of the integrated transport allocation will be retained by the North East Joint Transport Committee to cover central transport costs of the Joint Transport Committee, leaving a funding allocation for the Council’s 2024/25 LTP programme of £26,193,624.
- 5.2 The £26,193,624 Local Transport Plan programme developed for 2024-25 consists of improvements and maintenance schemes to address four key areas: Sustainable Transport; Safety; Roads; and Bridges, Structures & Landslips, the details of the 2024/25 LTP programme are set out in Appendix A to D.

- 5.3 The summary of proposed expenditure in 2024-25 across scheme types is as follows :

Appendix	Scheme Type	Proposed Expenditure
A	Sustainable Transport	£1,932,000
B	Safety	£1,995,000
C	Roads	£18,700,624
D	Bridges, Structures and Landslips	£3,566,000
	Total Programme	£26,193,624

- 5.4 The LTP programme has been developed following a comprehensive review of the needs for the maintenance of the highway asset, identified road safety issues and potential improvement of the highway and transport network. Requests for improvements and maintenance received from the local community over time are recorded in the Directory of Requests database. County Council Members and Town and Parish Councils are provided with details of requests made from their own areas throughout the last year and they are asked to take these into account when considering their priorities for the programme.
- 5.5 Priorities for the 2024-25 programme were invited from County Council Members and Town and Parish Councils during summer 2023 and those put forward have been assessed against criteria from the Local Transport Plan and Transport Asset Management Plan (TAMP). These are then combined with consideration of road safety improvement needs, based on accident statistics and other data sources, and the asset management needs of the overall highway network, based on inspections, condition data and the network hierarchy, to determine an overall programme of capital investment.
- 5.6 It should be noted that in some cases the budget allocations contained in the Appendices to this report are estimates only. At this stage it is the issue or problem that has been prioritised for inclusion in the programme and the design process will provide options for finding a solution. The assessment of options takes account of a number of factors including value for money and affordability. Costs will be firmed up as the proposals proceed through the design process.
- 5.7 It should also be noted that any schemes from the 2023-24 programme which are not completed by the end of the financial year will continue to be implemented in 2024-25 and are not detailed in this report.
- 5.8 A brief description of the types of highways and transport issues addressed by the LTP programme is set out below.
- 5.9 Priority for Integrated Transport is given to schemes that contribute to the achievements of the LTP objectives. The objectives reflect local needs and are related to North East Transport Plan (NETP) goals. The NETP is centred on connecting people to good employment opportunities, generating economic growth, while enabling the region and its people to move to healthier and greener more sustainable ways of travel.
- 5.10 The improvement part of the programme is aimed at creating improvements for all types of users of the highway network. The allocations are split between different types of proposals aimed at making improvements for sustainable transport, as well

as improvements for vehicular users such as public transport and road users. The improvements are designed to make the highway environment more attractive to pedestrians and cyclists, address areas of congestion and meet new and increased demands.

- 5.11 The Highway Capital Maintenance programme is split between different types of proposals aimed at maintaining the highway infrastructure by achieving objectives set out in the Council's Transport Asset Management Plan (TAMP). Funds are allocated across the programme by applying a scoring process that has been developed following asset management principles in order to deliver the TAMP objectives.
- 5.12 The majority of the highway maintenance programme is aimed at addressing the structural decline of our roads as they form the largest part of our highway assets. We also take account of the needs of the other asset groups such as footways and cycleways, drainage, structures and traffic management assets. A risk based approach is used to determine priorities for maintenance and is based on priorities at a strategic level, transport network level and asset maintenance level.
- 5.13 It should be noted that proposed expenditure for Maintenance within the programme is £24,221,624 and for Integrated Transport is £1,972,000. These are generally in line with the expected allocations, but with Integrated Transport slightly exceeding the allocation and Maintenance expenditure set to balance this.

Sustainable Transport

- 5.14 Improvements for sustainable transport are a significant feature within the LTP programme. This year the draft LTP for 2024-25 has a specific allocation of £1,932,000 for sustainable transport as set out in Appendix A attached to this report.
- 5.15 This allocation includes £327,000 for schemes that provide improvements for sustainable transport including walking and cycling, as well as £1,605,000 for maintaining existing footpaths (rights of way), footways (along the side of the road) and cycleways (either part of the road or adjacent to it). The maintenance allocation includes a £200,000 contribution to a wider regeneration funded scheme to improve the cobbles at Bondgate Within in Alnwick.
- 5.16 Alongside these specific allocations, it should be noted that much of the Safety element of the programme in Appendix B will also contribute to ensuring that the highway environment is improved in a way that will encourage more walking and cycling.
- 5.17 It should be noted that the Council continues with its initiative to produce Local Cycling and Walking Infrastructure Plans (LCWIPs) in Northumberland's main towns. Focusing on the main towns will ensure that key employment sites, travel to work areas, school transport interchanges and significant new housing developments are all considered. It is anticipated that as the LCWIPs develop then they will become a key consideration in future when bidding for external funding, seeking developer contributions and allocating funds within future LTP programmes for cycling and walking schemes.
- 5.18 Major new cycleways are currently being implemented at Ponteland to Callerton, North Seaton Road Ashington, A193 south of Bondicar Terrace Blyth, Hexham to Corbridge, Bedlington and Blyth Town Centre to Bebside through funding streams

including Active Travel Fund, Transforming Cities Fund, Levelling Up Fund and Energising Blyth.

- 5.19 It should be noted that a number of County Councillors and Town and Parish Councils put forward priorities for the introduction of new cycleways and footways which when assessed were considered to be beyond the funding scope that would be available through the LTP capital programme. The details of these potential cycleways and footways have been captured separately and recorded so that they can also be considered should any other appropriate sources of external funding or bidding opportunities for such schemes become available.
- 5.20 The details of the draft LTP Sustainable Transport Programme of £1,932,000 for 2024-25 is set out in Appendix A, attached to this report.

Safety

- 5.21 An allocation of £1,995,000 has been made to improve safety on the highway network. Details of the programme are set out in Appendix B attached to this report.
- 5.22 £1,245,000 is aimed at reducing the number and severity of road traffic casualties, through a programme of local safety schemes. Funding available for safety improvements to High Risk Sites will be at an increased level of £600,000 compared to £400,000 in 2023-24. It also includes allocations of £200,000 for Rural Road Safety Improvements and £100,000 for Urban Road Safety Improvements.
- 5.23 £400,000 has been allocated to improve traffic management and traffic calming measures. Much of this funding will also create safer conditions where road safety concerns have been identified which will in turn encourage more walking and cycling.
- 5.24 A £350,000 allocation has been included to continue with the general refurbishment and renewal of existing signage and the replenishment of existing road markings. Both of these activities seek to improve the general safety for the highway user.

Roads

- 5.25 This section of the programme is the largest part of the programme with an allocation of £18,700,624 for maintenance of existing roads, including drainage, traffic lights and car park maintenance.
- 5.26 The programme is guided by the principles of effective asset management and is made up of £8,686,000 for named carriageway repair and drainage schemes (of which £3,135,000 is on major roads and the resilient road network and £5,551,000 on other local roads); £4,655,000 for surface dressing; £565,000 for micro surfacing and retexturing; and finally £4,794,624 of general refurbishment which includes drainage, traffic signals, car parks and footways as well as preparatory work for the next year's surface treatment programme.
- 5.27 A trial was carried out during summer 2023 which has indicated that an enhanced programme of planned structural patching would be beneficial to the condition and ride quality of the highway network. Programmes of structural patching are already carried out through the General Carriageway Refurbishment element of the LTP roads programme and Small Works element of the U and C Roads programme, but a further enhanced programme of structural patching will be considered utilising any further additional funding that is allocated to highway maintenance above the levels shown in this report.

- 5.28 The details of the draft Roads Programme for 2024-25 is set out in Appendix C attached to this report.

Bridges, Structures and Landslips

- 5.29 An allocation of £2,816,000 has been made for bridge maintenance. Again, effective asset management is the main driver. This includes a programme that also addresses the maintenance backlog by providing bridge strengthening to a number of bridges as this continues to remain a key objective.
- 5.30 There is also an allocation of £750,000 for addressing landslips to enable stabilisation work as a cost effective approach to prevent the deterioration and potential loss of use of the network at critical locations throughout the County.
- 5.31 The details of the Bridges, Structures and Landslips Programme of £3,566,000 for 2024-25 is set out in Appendix D, attached to this report.

Highway Maintenance Investment in U and C Roads and Footways

- 5.32 The “Highway Maintenance Investment in U and C Roads and Footways” programme will provide repairs to those minor roads and footways already in poor condition, which will improve the overall condition of this network, building resilience and reducing long term costs. This will help to reduce the number of potholes that arise, improve condition and ride quality and minimise the need for future repairs in these areas. Identification and prioritisation of schemes has taken into account asset management principles in order to deliver Northumberland’s Transport Asset Management Plan (TAMP) objectives.
- 5.33 The programme to address deterioration across the lower categories of our network has been split into three packages of work:
- a. Carriageway Repairs which will address some of the worst sections of the minor road network, providing essential structural maintenance and resurfacing works over and above that already planned within the LTP.
 - b. Footway Repairs to address some of the footways in the County’s towns and villages which are considered to be in the most urgent need of repair.
 - c. Small Works to Minor Roads which will allow us to address those more discrete areas situated on the minor road network that are identified by the Area Teams to be in poor condition. Works will consist of smaller areas of resurfacing and structural patching
- 5.34 The details of the Highway Maintenance Investment in U and C Roads and Footways Programme of £4,450,000 for 2024-25 is set out in Appendix E, attached to this report.

Next Steps

- 5.35 Following consideration by Local Area Committees at their meetings in February, any comments received will be considered and the final 2024-25 programmes for the Local Transport Plan and Highway Maintenance Investment in U and C Roads and Footways will be prepared for consideration and approval by the Portfolio Holder for Improving our Roads and Highways and the Executive Director for Place and Regeneration.
- 5.36 Following agreement of the final programme, all County Council members and Town and Parish Councils who put forward priorities for the LTP programme will then be

provided with further information regarding the outcome of the assessment of their submission and whether it has been possible to include their priority schemes within the programme this year.

6. Implications

Policy	The proposed programme is consistent with existing policies
Finance and value for money	The LTP Programme allocations are within the expected budget available for 2024-25
Legal	The LTP is delivered by the County Council using its powers and in fulfilment of its statutory duties as a Highways Authority, primarily under the provisions of the Highways Act 1980
Procurement	None
Human resources	None
Property	None
The Equalities Act: is a full impact assessment required and attached?	No - not required at this point As a key issue for Northumberland, the needs of those that are socially excluded have been taken into account in the development of this programme. Improvement to footways will improve accessibility for pedestrians and those with mobility issues
Risk assessment	The programme has been developed to minimise risks to the travelling public whether they are travelling on our roads or footways. Risks to the delivery of any individual scheme within the programme will be considered during scheme development. By managing risk at a scheme level, the risks to delivery of the overall programme will be controlled.
Crime and disorder	None
Customer considerations	The delivery of the programme will improve the highways and transport network in Northumberland for the benefit of the travelling public
Carbon reduction	Schemes to improve infrastructure for walking and cycling and road safety measures encourage more active travel.
Health and wellbeing	Schemes to encourage more active travel through improved infrastructure for walking and cycling, road safety measures

	and improvement to the condition of footways and roads all act to improve the overall health and wellbeing of our communities
Wards	(All Wards);
