Good afternoon Deborah

In response to the consultation period on behalf of the Governors of Red Row First School.

We would like to confirm that the governing body for Red Row First School are supportive of the proposed change to a two tier system within the Coquet Partnership.

We are keen to ensure that the children within our school and the partnership as a whole receive the best education possible. The children from our partnership do not need to travel to an alternative partners/school to receive this education.

Our parents have raised concerns in relation to the key stage 2 data/ transition. The transition at key stage 2 (middle school) has a huge impact on children and is often unsettling. We at Red Row are keen to maintain and progress our children to achieve the best they can. We thrive to nature them to achieve their best and moving at 11 years of age will help use do this.

The partnership as a whole are keen to ensure that all the schools offer the best they can for the children in their catchment area, this will be achievable if we move to a two system.

We are supportive of the change to two tier.

Regards

Claire Clark and Anne Elliott  
Red Row First School
