Parent/Carer of a pupil currently attending Berwick Middle	Remain in the Berwick Partnership	None
Resident/member of the community living in the Berwick Partnership	Don't Know	Not sure if it would make much difference as to which partnership as you will still have some children who will opt for Berwick and others Alnwick even if more are opting for Alnwick at present it can change
Parent/Carer of a pupil currently attending Tweedmouth Middle	Don't Know	None
Staff Member of The Grove	Remain in the Berwick Partnership	I think that this would be in the schools best interests as they are already an active part of the partnership.
Parent/Carer of a pupil currently attending Tweedmouth Middle	Remain in the Berwick Partnership	The children in the areas need to mix with larger schools. The buses are in operation
Parent/Carer of a pupil currently attending Wooler First	Move to the Alnwick Partnership	I already have 2 children at Duchess's high school, it is by far the better school & a lot of parents only don't send their children for year 7 because they can't afford the bus fares for year 7&8. It would be far better if all children from Glendale went to the same high school as it's very daunting starting high school when you hardly know anyone
Resident/member of the community living in the Berwick Partnership	Move to the Alnwick Partnership	All children friends and siblings should not be separated and have to attend different schools. I personally had a horrific experience through applying for my 2nd daughter's place at high school which was rejected and I would not want anyone else to have to go through this. I am still not happy with the outcome and having felt forced into doing something that I am still not happy with. The schools admissions department with NCC just did not care, I felt completely let down by the whole experience

Parent/Carer of a pupil currently attending Berwick Middle	Move to the Alnwick Partnership	None
Parent/Carer of a pupil currently attending Berwick Academy	Move to the Alnwick Partnership	<p>I have one child in Alnwick Duchess School. And one in Berwick academy. The reason for this is we were told our second child had to go to Berwick even though we did not apply for Berwick. We were and still are very unhappy about this as it makes things more difficult and expensive having children at difficult schools. Both our children went to Glendale and did very well and we felt they were listened to and supported there so I would leave Glendale as it is a good local school. The difference in the two girls at Alnwick and Berwick is chalk and cheese. The one at Alnwick has flourished been supported and received a good education by teachers who care about the children. The one at Berwick is so unhappy we have asked for help and guidance from the school councillors or what ever you call them. She comes home and tells us she can't learn because of the unruly children in her class this has improved a little but I believe the teacher who took over her class leaves at the end of this term. I am very lucky my girls know what they want to do in the future but the one at Berwick feels disadvantaged. The options for gcse she had to choose from this term are not what she needs why can Alnwick give other useful options and Berwick can't.</p>
Parent/Carer of a pupil currently attending Glendale Middle	Move to the Alnwick Partnership	<p>It's just a personal choice. For me at tge time I sent my other 2 to alnwick, it was the better school. But as with tge ofsted reports, there really isn't much in it performance wise. I think my youngest would like knowing her sister was at the same school.</p>
Other – please state	Remain in the Berwick Partnership	Continue to support the roll of Berwick schools while birth rates decrease.
Resident/member of the community living in the Berwick Partnership	Don't Know	I think that's for those in that area to decide

Staff Member of Wooler First	Move to the Alnwick Partnership	Both our children were educated in an Alnwick partnership school. Most parents in Wooler prefer sending their children to Alnwick for KS3 and 6th Form.
Staff Member of Berwick Middle	Move to the Alnwick Partnership	None
Governor of Norham St Ceolwulfs CE First	Move to the Alnwick Partnership	I don't think I would be happy living in Wooler and surrounding area and being given Berwick Academy as my only choice of school. Alnwick is and should be a viable option for them. A few parents from that area already send their children to Kelso high school given the reputation as a disreputable school Berwick Academy has. It's a disgrace because this puts added financial pressure on these parents who are already probably struggling in this dire economic situation as they have to get the kids there and home again as there's no free or any bus service to the Kelso high school.
Parent/Carer of a pupil currently attending Tweedmouth Middle	Don't Know	Unsure.
Parent/Carer of a pupil currently attending Hugh Joicey CE First	Don't Know	None
Resident/member of the community living in the Berwick Partnership	Don't Know	Not involved with Wooler school.
Parent/Carer of a pupil currently attending Glendale Middle	Move to the Alnwick Partnership	For me personally I live in between Wooler and Alnwick, as do many of the children whom attend Glendale. We live in a Powburn 11 Miles from Alnwick but 24 miles from Berwick. Our oldest child will leave Glendale in the summer of 2022 and it makes no sense for her to travel to Berwick for High School when a service bus passes our door to go to Alnwick.
Parent/Carer of a pupil currently attending Glendale Middle	Remain in the Berwick Partnership	So they all go together and not split between Alnwick and Berwick. Only one choice and Berwick is the closet to Wooler
Parent/Carer of a pupil currently attending Belford Primary	Remain in the Berwick Partnership	Contrary to popular opinion, i feel that it is necessary to improve standards at Berwick rather than simply ship children off to Alnwick. As things currently stand my child would be getting sent to Berwick after year 6 at Belford as not only am I not inclined to pay the bus fees but I fear that Alnwick has many issues to contend with and many people don't look past the more modern exterior of the school building. I have heard of equally disturbing things happening at Alnwick that i suspect unfortunately also happen at Berwick

Parent/Carer of a pupil currently attending Wooler First	Move to the Alnwick Partnership	Duchess is in general a better school with strong leadership that wants to push the school forward more
Parent/Carer of a pupil currently attending Berwick Middle	Don't Know	The reason I have said don't know is because I think that decision should be made by those schools and their parents.
Parent/Carer of a pupil currently attending Tweedmouth Prior Park First	Move to the Alnwick Partnership	none

Governor of St Cuthbert's RC First	Move to the Alnwick Partnership	Parents are already sending their children to the Alnwick partnership schools
Parent/Carer of a pupil currently attending Belford Primary	Move to the Alnwick Partnership	Overlapping catchment and parental preferences mean children often move to Alnwick anyway so just formalises this preference
Parent/Carer of a pupil currently attending Glendale Middle	Move to the Alnwick Partnership	Historically Wooler and Glendale always fed into Alnwick and it seems more sensible both financially and geographically. Also there seem to be a lot of parents removing their kids from Glendale at yr 7 to try to get into DCHS because it has a better reputation than Berwick Academy. This puts pressure on Glendale as numbers in yr 7 & 8 drop.
Other – please state	Don't Know	I don't know about these areas, or the preferences of the people living there.
Parent/Carer of a pupil currently attending Berwick Academy	Move to the Alnwick Partnership	If more of their children are attending Duchess at Alnwick then it would make more sense for them to have a closer working relationship with the Alnwick partnership
Parent/Carer of a pupil currently attending Glendale Middle	Move to the Alnwick Partnership	things have already changed in Alnwick so there would be a shorter period of change for both children and staff of WFS and GMS

Parent/Carer of a pupil currently attending Tweedmouth Prior Park First	Remain in the Berwick Partnership	If they have a three tier system they should be able to follow the same system as the Berwick schools.
Staff Member of Hugh Joicey CE First	Remain in the Berwick Partnership	We work closely with Glendale and it is one of then schools we feed into. We would still like to work with them as partners in the same age range, however, if numbers are unsustainable and Alnwick doesn't have sufficient capacity then perhaps the boundaries should be rewritten and they become part of Alnwick if that is their direction of travel for Secondary.

Parent/Carer of a pupil currently attending Wooler First	Move to the Alnwick Partnership	At the point at which our daughter leaves Wooler / Glendale, it is highly likely that we will seek to register her at Alnwick. Although new to the area and as residents of Wooler, this seems like the geographically logical and more convenient option.

Parent/Carer of a pupil currently attending Tweedmouth Middle	Don't Know	I don't live in the area so don't feel I can make that decision.
Other – please state	Move to the Alnwick Partnership	I think that many parents already send their children to the Duchess's High School.
Governor of Hugh Joicey CE First	Don't Know	It should really be up to parents in those catchment areas to determine. This is primarily an issue of identity

Parent/Carer of a pupil currently attending Berwick Middle	Don't Know	None
Governor of St Cuthbert's RC First	Don't Know	im not familiar enough with the local situation in those areas.
Staff Member of Berwick Middle	Remain in the Berwick Partnership	The Wooler schools have pupils from some of the most remote parts of the partnership area. For reasons of pupil well-being stated earlier I believe these pupils would struggle to suddenly find themselves travelling all the way to Alnwick to attend a large secondary school at the age of 11.

Parent/Carer of a pupil currently attending Scremerston First	Remain in the Berwick Partnership	If we are considering the viability of pupil numbers within the Berwick partnership then surely it makes sense to keep those schools in the partnership?
Parent/Carer of a pupil currently attending Berwick Middle	Move to the Alnwick Partnership	As all the children from these schools largely go to Alnwick now it would seem sensible for this to be formalised.
Parent/Carer of a pupil currently attending Berwick Middle	Move to the Alnwick Partnership	Most children from these areas already go to Alnwick so they may as well have free school bus passes. It is a shame for Berwick as it will reduce numbers in the future if standard of education does improve.
Parent/Carer of a pupil currently attending Tweedmouth Middle	Move to the Alnwick Partnership	It is nearer to them
Staff Member of Berwick Middle	Remain in the Berwick Partnership	I think it is for the locals within that particular area to decide really as some will have a preference either way

Parent/Carer of a pupil currently attending Hugh Joicey CE First	Remain in the Berwick Partnership	They have always been in Berwick catchment. Makes sense to keep them in. Parent/Carer of a pupil currently attending Wooler First	Move to the Alnwick Partnership	As a child who lived in Wooler and went to Wooler first first and Glendale middle school- we always had the option to consider both Alnwick and Berwick High Schools at that time and I feel we should be given the option as we are pretty central between both. For us at Alnwick we also have family that live there and cousins who will be attending Alnwick so we would like that opportunity too.

Parent/Carer of a pupil currently attending Scremerston First	Remain in the Berwick Partnership	Having recently moved to the wooler area and chose to stay at berwick schools talking to parents at wooler the children moving to the academy this year were not given the option of alnwick school. More support should be given to children within the wooler area to be able to travel to berwick middle school if this is an option they choose. I know of several children within the glendale catchment who travel to berwick middle. Who have not attended wooler first school but alternative village schools.
Parent/Carer of a pupil currently attending Berwick Middle	Remain in the Berwick Partnership	It isn't broken
Staff Member of Tweedmouth Prior Park First	Move to the Alnwick Partnership	Historically most Wooler children have tended to go to the Duchess High school.
Staff Member of Berwick Academy	Remain in the Berwick Partnership	As Berwick Academy continues on its improvement journey, we are able to offer a high quality education to the students of these schools; historically, some parents may have chosen to send their children to Alnwick because of concerns about the quality of education in at the academy. Evidence of our ongoing improvement and resultant changes in perception within the community of the school will continue to reverse this trend. I see no reason why, therefore, these schools should move to the Alnwick partnership.

Parent/Carer of a pupil currently attending Hugh Joicey CE First	Don't Know	Trust and confidence needs to be built in high school options for the parents and children from Glendale as neither are good options for good educational outcomes as it currently stands . Given the unique geography of Glendale there should clearly be a right to choose which school meets the needs of the families at the relevant time , otherwise it remains a choice that is clearly discriminating against those children based on geography when both partnerships are almost equivalent in distance from Glendale .
Parent/Carer of a pupil currently attending Hugh Joicey CE First	Don't Know	Well, had the Ofsted results on either high school been the better one then I would have shown a leaning towards that particular school, as has historically happened in Wooler. As Glendale sits equidistant and has a smaller student population, they should be allowed to choose as was historically the case.

Other – please state	Don't Know	I think children should attend their nearest high school! My eldest child is starting at Berwick Academy in September and from our house, The Duchess is closer. We have had the choice taken away as The Duchess is already full and families feel pressured into sending their children sooner than they are mentally and academically ready due to this problem. I worry now what will happen with my younger child within all this!
Parent/Carer of a pupil currently attending St Mary's CE First	Move to the Alnwick Partnership	They would fit that partnership better and hopefully be able to come into line in their two tier set up.
Parent/Carer of a pupil currently attending The Grove	Remain in the Berwick Partnership	Berwick is closer to Wooler than Alnwick. Many of the Wooler first and Glendale middle school children live within the Berwick Partnership locality. Travelling to Alnwick for school is not ideal and draws children out of their local area.
Other – please state	Don't Know	Wooler is a difficult area as it's smack bang in the middle of two partnerships where it belongs I believe is irrelevant as if Berwick becomes 2 tier year 7&8 will be lost anyway and Wooler schools will be primary. It would however be fantastic if Wooler could have a new campus incorporating a pre school / reception right up to year 11...it would solve travelling issues and alleviate pressure at Berwick / Duchess

Resident/member of the community living outside of the Berwick Partnership	Remain in the Berwick Partnership	Alnwick partnership does not have the capacity for additional students from Glendale in secondary school. Duchess high school is too big already and does not have adequate infrastructure for even more pupils
Other – please state	Don't Know	Both areas are under one County Council, Northumberland County Council, so why the division of catchment areas for schools? It should be the parents choice to which school they choose for their child to go to, to give them the best education.
Governor of Hugh Joicey CE First	Don't Know	None
Parent/Carer of a pupil currently attending Glendale Middle	Remain in the Berwick Partnership	Again when attending this school years ago it was always the understanding that some pupils would go to Berwick High School and others to Duchess at Alnwick but this was mostly decided on where you lived.
Parent/Carer of a pupil currently attending The Grove	Don't Know	If Berwick were to remain three-tier then it would make sense for Wooler and Glendale to remain in the Berwick partnership. However, it would seem that an awful lot of parents send their children to Alnwick high school at the end of the second year of middle school so treating the Wooler schools as a two-tier system anyway. Therefor Wooler may as well join the two-tier model at Alnwick. If Berwick becomes a two-tier model then Wooler should remain in the Berwick partnership as the new high school in Alnwick is also at capacity.
Staff Member of Berwick Middle	Remain in the Berwick Partnership	A lot of pupils at middle schools come to Berwick Middle School and have to leave in year 7 if they wish to attend Alnwick High School which is not good for BMS. As a employee of BMS i see first hand how this affects the student who normally doesn't want to leave our school as they are happy and enjoy being there.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Alnwick do not have room to accommodate the pupils.
Parent/Carer of a pupil currently attending Tweedmouth Prior Park First	Remain in the Berwick Partnership	As far as I am aware schools in Alnwick are full and it wouldn't be a wise decision to change things from how they have been for a number of years.

Governor of Berwick Academy	Remain in the Berwick Partnership	<p>Parents and Pupils should be able to choose, many families attending Wooler or Belford, may have longer journeys to Alnwick than Berwick. They should be given the choice where to send their children, plus many siblings already attend either of these schools and likewise families should have the choice to retain the idea of the 'family unit' at one school.</p> <p>If Berwick and Alnwick switch to 2 tier, then Wooler and Belford (already a 2 tier school) will have to split their pupils, retaining some as a middle school, but losing some 'mid-term' in school to correspond with the need to manage a three way fix, to accommodate different school tier strategies.</p>

Other – please state	Remain in the Berwick Partnership	The school has always been in Berwick partnership. the schools do activities with the Berwick partnership. Easy for staff to have meeting at the Berwick partnership as well they also have other schools feed in to them from the Berwick area.
Parent/Carer of a pupil currently attending Tweedmouth Prior Park First	Don't Know	When I was at school this was always the parents choice to which one kids attended. Normally they took into consideration their location of work etc. Same way some kids was sent across the border to Eyemouth when berwick academy was appoling.
Parent/Carer of a pupil currently attending Lowick First	Don't Know	I don't reside in Wooler so unsure of their education options but my partner is from the town and says he is sure from his school year +95% went to Alnwick.

Parent/Carer of a pupil currently attending St Cuthbert's RC First	Move to the Alnwick Partnership	If staying in the Berwick Partnership holds the schools back from becoming 2 tier, or disadvantages the children in any way, they should be allowed to break away and join the Alnwick Partnership.
Councillor of Wooler Parish Council	Move to the Alnwick Partnership	Not all Glendale pupils live in Wooler, many live to the north which puts them in the Berwick Partnership, while those living in Wooler or to the south are in the Alnwick Partnership.
Parent/Carer of a pupil currently attending Lowick First	Remain in the Berwick Partnership	It's easier to get to Berwick from Wooler than it is to get to Alnwick.
Parent/Carer of pupil/student in another school in Northumberland	Remain in the Berwick Partnership	Duchess struggling with numbers - there should be a geographical balance.
Parent/Carer of a pupil currently attending Hugh Joicey CE First	Remain in the Berwick Partnership	Alnwick high school is already very oversubscribed. Using portacabins as classrooms despite being only very recently built. Berwick Academy looks to have a real problem with surplus places and therefore a huge budget deficit and is caught in a spiral of deprivation- it doesn't make sense to send children in close geographical proximity out of the Berwick partnership.
Governor of Belford Primary	Move to the Alnwick Partnership	The Wooler schools appear to be in a very similar position to us at Belford - please see answer to question 12.
Parent/Carer of a pupil currently attending Spittal First	Don't Know	The document doesn't give me enough information to make that choice.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	I feel as they are first and middle schools they should remain as part of the three tier education system and be part of Berwick.

Parent/Carer of a pupil currently attending Scremerston First	Don't Know	I feel that's not my decision to make but the decision of parents, children, staff and governors of those schools.

Parent/Carer of a pupil currently attending Spittal First	Move to the Alnwick Partnership	Only reason would be to to with travel to Berwick.
Parent/Carer of a pupil currently attending Tweedmouth Middle	Remain in the Berwick Partnership	The reason the academy is failing is due to pupil numbers. Off we transfer Wooler pupils to Alnwick that will be less pupil Numbers yet again for the academy.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	More middle schools going to Berwick academy would improve outcomes in Berwick academy.
Staff Member of Berwick Academy	Don't Know	As a resident of Berwick, I think this decision should be taken by the residents of that part of the partnership.
Other – please state	Don't Know	None.
Parent/Carer of a pupil currently attending Berwick Middle	Don't Know	None
Governor of Berwick Academy	Remain in the Berwick Partnership	Whilst parents should have the choice given rural location and geographical spread Berwick should be the default option
Parent/Carer of a pupil currently attending Berwick Middle	Don't Know	None
Staff Member of Holy Trinity CE First	Remain in the Berwick Partnership	This will improve numbers in the partnership schools and offer Berwick Academy increased numbers, increasing funding.
Parent/Carer of a pupil currently attending Berwick Middle	Remain in the Berwick Partnership	Berwick needs the outlying communities and would be isolated without them. Alnwick has its own feed in schools.
Parent/Carer of a pupil currently attending Holy Trinity CE First	Remain in the Berwick Partnership	Moving away from the Berwick Partnership would have an adverse affect on Berwick Middle School as the Wooler schools feed in there.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Wooler to remain in the partnership and free school transport retained because Alnwick is FULL and not getting the results they did before the transition to 2 tier. It hasn't been proven yet to the public that their rebuild and move to 2 tier has been successful.
Resident/member of the community living in the Berwick Partnership	Remain in the Berwick Partnership	Need numbers to go to Berwick as Alnwick is getting oversubscribed.

Staff Member of Glendale Middle	Remain in the Berwick Partnership	<p>Alnwick did not want to include Glendale originally in the partnership Why would they now? Alnwick will not want to extend their catchment area to Milfield. What will happen to Glendale pupils who are in Year 7 and Year 8 but reach the end of Year 6 and live in the current Berwick Catchment area? Glendale Middle School has pupils as far north as Cornhill.</p> <p>Also, how will the Berwick Partnership uphold the redundancy protocol for staff at Glendale if they are moved to another partnership? How can you promise that the Alwnick partnership, who do not know the staff at Glendale, even hope to comply with any redundancy protocol or employment opportunities for Glendale staff who are threatened with redundancy.</p>
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Alnwick partnership is already full, they need to be able to access a high school that serves their community.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	We have a responsibility to support all of our children within our rural community to provide vital educational provision. I am of the opinion that Berwick Academy will be a 'good 'school before Alnwick High School. So we need to encourage pupils to come to Berwick.
Staff Member of Berwick Academy	Don't Know	none
Staff Member of Berwick Academy	Remain in the Berwick Partnership	The children who currently live closer to the Berwick area should come into the Berwick system. Glendale and and Belford can feed into both schools when the systems are aligned.
Staff Member of Berwick Middle	Remain in the Berwick Partnership	They are closer to Berwick, they have been traditionally a part of the school community and I think it would be great to keep them here as part of the plan to make Berwick Partnership Schools a place of hope for our children's futures.Glendale may be performing slightly lower than National Average, but are still a good school. Also, if we - as a partnership - can show how we get behind schools that are struggling, that will help support any school that may fall on challenging times in the future.If they're only thinking of leaving to avoid threats of closure in a two-tier system, that would be sad.

Staff Member of Berwick Academy	Remain in the Berwick Partnership	<p>There are cultural and community considerations to take on board with this decision - Wooler is very much part of the Border Community and Berwick is the main and only English town in this English Border/Scottish Border area.</p> <p>There are however, pupils who do live nearer to Alnwick in the Glendale catchment area so perhaps they do go to Alnwick.</p>
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	I think wooler and glendale middle should remain in Berwick patnrship as most year 8s transition to Berwick keeping that connection with the town and between children.
Staff Member of Berwick Academy	Remain in the Berwick Partnership	<p>Strategically, this would support pupil numbers at Berwick Academy where it is of greater need than in the Alnwick partnership.</p> <p>If both systems were two tier, then parents would be faced with a easier decision as the transition point would be the same in both Berwick and Alnwick. This would support parental choice in the area.</p>
Governor of Tweedmouth Prior Park First	Don't Know	I believe that this is a decision to be made in the Wooler area, by the schools, their governors, their community and the members of the Alnwick Partnership with the LA. I do not have the local knowledge required to make this decision.
Parent/Carer of a pupil currently attending Berwick Middle	Remain in the Berwick Partnership	Wooler should remain in the partnership as currently their Year 8's transition to Berwick because Alnwick is full. I believe they should remain part of the Berwick Partnership and that this can only strengthen the partnership offer.

Staff Member of Berwick Academy	Don't Know	none
Staff Member of Berwick Academy	Remain in the Berwick Partnership	I consider the Wooler students to be an important part of our school community.
Governor of Spittal First	Remain in the Berwick Partnership	Making the partnership smaller is going to leave less pupils feeding into Berwick Academy which is what we are trying to avoid.
Governor of Spittal First	Move to the Alnwick Partnership	IT's closer, and in the immediate term, alnwick is a better performing school and partnership. This will allow the berwick partnership to concentrate on more local children
Governor of Spittal First	Don't Know	Think they should have the choice.

Parent/Carer of a pupil currently attending Berwick Middle	Don't Know	None
Parent/Carer of a pupil currently attending Berwick Academy	Remain in the Berwick Partnership	I'm sure they would work with the Berwick & reach the targets needed.
Parent/Carer of pupil/student in another school in Northumberland	Move to the Alnwick Partnership	More children go to Alnwick and it is there choice. Both my children are under the Alnwick partnership, although this is not our catchment. Nothing would sway me to move them to the Berwick partnership and I believe that majority of Wooler people would send their children to Alnwick if they are not already there. So it astounds me that Wooler is not in the Alnwick partnership.
Parent/Carer of pupil/student in another school in Northumberland	Move to the Alnwick Partnership	Better education levels and a great asset. Has a great reaction to dealing with bullying
Parent/Carer of a pupil currently attending Wooler First	Move to the Alnwick Partnership	Most of the pupils from wooler along with there parents before them have always chosen Alnwick as a first choice
Parent/Carer of a pupil currently attending Wooler First	Move to the Alnwick Partnership	None
Parent/Carer of a pupil currently attending Glendale Middle	Don't Know	Since the distance between the two schools is pretty much the same I don't see why pupils can't have a choice after looking at the schools where they want to go. A choice has always been available to pupils from Glendale middle and Belford middle school and now the choice is being taken away because of the change in the tier system and that's just not really good enough for our children.

In what capacity are you responding to the consultation - Role	Do you think Glendale Middle school and Wooler First should remain in the Berwick Partnership or move to the Alnwick Partnership?	Please give the reasons for your answer here or state 'None' - Comment
Parent/Carer of a pupil currently attending Glendale Middle	Move to the Alnwick Partnership	Alnwick had always been an option to go to for high school, why now it's a secondary can we not choose to send our children from year 7 and being penalised if we do by having to pay transport costs. Waiting till year 9 has proven difficult to get a space at Alnwick. The majority of children for years have always chosen to go to Alnwick and have appealed if not given a space.
Governor in another School in Northumberland	Remain in the Berwick Partnership	They are currently in the Berwick partnership, the only reason to move to Alnwick partnership would be to access the duchess high school
Resident/member of the community living in the Berwick Partnership	Remain in the Berwick Partnership	Prevent Berwick pupils from being more isolated and cut off, as it is so far from any other towns/cities.
Governor of Spittal First	Don't Know	I think this is a decision for those individual schools and their governing bodies.
Parent/Carer of a pupil currently attending Hugh Joicey CE First	Remain in the Berwick Partnership	I think that Wooler needs to have education available up to age 13. The parents of children aged 11-13 need the chance to choose not to have to travel 40 miles a day to school.
Resident/member of the community living in the Berwick Partnership	Move to the Alnwick Partnership	Most of the middle school pupils move to Alnwick anyway. My own 2 sons lost most of their friends when moving from the Middle School at Wooler to Berwick high School because we then lived at Milfield and they had to transfer to Berwick.
Staff Member of Berwick Academy	Remain in the Berwick Partnership	None
Resident/member of the community living in the Berwick Partnership	Don't Know	I cannot comment on what would be best for Wooler, but imagine that some of the views I am going to express in the following section may well be shared by some Wooler families.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	<p>The school's in Wooler would be better suited to remaining in the Berwick partnership as the changes to Alnwick have left pupils in Wooler on the outside looking in. The Duchess is at capacity so they have refused to accept pupils from Glendale Middle. This isn't benefitting anyone so by allowing Wooler and Glendale to stay in the Berwick partnership, it gives their pupils peace of mind that they can continue the next step of their education at Berwick Academy.</p> <p>From the perspective of my role within school as a PE teacher having Wooler remain in our partnership is the right idea. This allows their pupils the chance to take part in sporting fixtures and competitions alongside schools in the Berwick partnership. If they left the Berwick partnership or if Berwick went to two tier their opportunities would be diminished hugely.</p>

In what capacity are you responding to the consultation - Role	Do you think Glendale Middle school and Wooler First should remain in the Berwick Partnership or move to the Alnwick Partnership?	Please give the reasons for your answer here or state 'None' - Comment
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Stay because we want to increase our numbers in the partnership. Also because a lot of these students couldn't be accommodated due to not having enough space at Alnwick. As a middle school we already have a good sporting relationship with Glendale with them attending the Berwick Sporting events.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	The new Alnwick school is not big enough/too full to accommodate more pupils, some pupils may not get in.
Resident/member of the community living in the Berwick Partnership	Remain in the Berwick Partnership	Alnwick may not have sufficient spaces for Glendale pupils.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	These schools are working well in the Berwick partnership. This gives a parental choice to those in that area.
Parent/Carer of a pupil currently attending Wooler First	Remain in the Berwick Partnership	Having read about the dropping pupil numbers in the Berwick area, it would seem sensible to retain Glendale Middle school in the Berwick Partnership for funding streams. Only with funding, will Berwick Academy begin to improve its educational status.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	There is space within the Berwick Partnership to provide.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	<p>This is a judgement call based on 20 years experience within the Berwick Partnership. Berwick Academy needs more pupils that are currently 'out of' the partnership. Glendale remaining in Partnership would boost numbers and therefore finance.</p> <p>However, in the absence, as yet, of any real and useful information about precisely what the post- reorganization educational landscape might actually look like in north Northumberland, it is impossible to make any validly informed judgement; and so we offer, in what follows below, some important closely associated issues which we feel merit very careful consideration.</p>
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Catchment area is rural - remaining in Berwick partnership would support the Berwick Academy - (also there were no spaces at Alnwick for the Yr8 current cohort 2022).
Parent/Carer of a pupil currently attending Holy Trinity CE First	Remain in the Berwick Partnership	Glendale / Wooler school are part of the catchment area - it would support retaining pupil numbers for the academy which in turn generates more income in their budgets - to provide the broad a balanced curriculum required (page 12 of doc)
Parent/Carer of a pupil currently attending Tweedmouth Middle	Remain in the Berwick Partnership	Remain in the Berwick Partnership and continue the 3 tier system.

Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	The schools are near at hand for accessing the academy , transport is provided
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Increase the numbers in the Berwick partnership - especially when they are part of the 3 tier system.
Parent/Carer of a pupil currently attending Glendale Middle	Remain in the Berwick Partnership	Wooler is very clearly in the North Northumberland and I would suggest that the vast majority of people living in the area still consider Berwick to be their most local town and not Alnwick. Would the Berwick Partnership remain 3 tier if Glendale was to be re deployed to the Alnwick Partnership or is the real objective to ultimately roll out 2 tier in a few years regardless of this consultation?
Staff Member of Berwick Middle	Don't Know	I believe that the parents and pupils of Glendale Middle and Wooler First Schools should primarily be asked about this and their views should be taken into account. I think the answer to this is also going to be heavily influenced as to whether the Berwick Partnership will remain a three-tier system, and so until this decision is made, the future of Glendale Middle and Wooler First cannot therefore be decided.

Other – please state	Remain in the Berwick Partnership	Stay because we want to increase our numbers in the partnership. Also because a lot of these students couldn't be accommodated at Alnwick, as they do not have enough capacity.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	If this idea came forward as a result of the number of pupils leaving in Year 6 to attend The Duchess High School, surely the focus needs to be why they are doing this? To avoid the failing Academy? Focus on making the Academy good and retain more of these pupils.
Governor of Tweedmouth Middle	Don't Know	Agreed TCMS Governors' consensus response submitted to Lorraine Fife by email (11/08/22 at 12:15) as per her email to Headteachers (18/07/22 at 14:27)
Staff Member of Hugh Joicey CE First	Move to the Alnwick Partnership	A lot of children going to Wooler middle school seem to go onto the Alnwick schools for High School .

Parent/Carer of a pupil currently attending Holy Trinity CE First	Remain in the Berwick Partnership	Prevents loss of pupils to another area. Keeps numbers higher for more and varied competitions amongst schools etc.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	When pupil numbers are declining in the Berwick Partnership as stated in the consultation document then moving Wooler schools out of the partnership would only exacerbate the issue with falling pupil numbers and would result in closure of some Berwick Schools.
Parent/Carer of a pupil currently attending Tweedmouth West First	Move to the Alnwick Partnership	None
Parent/Carer of a pupil currently attending Hugh Joicey CE First	Remain in the Berwick Partnership	I think it is a long way for children of 9 to travel all the way to Alnwick if they were to go to 2 tier as the Alnwick partnership already has.

Resident/member of the community living in the Berwick Partnership	Remain in the Berwick Partnership	The catchment area is rural and should be kept in. It would also boost numbers
Resident/member of the community living in the Berwick Partnership	Remain in the Berwick Partnership	Increase numbers in the Berwick partnership.
Resident/member of the community living in the Berwick Partnership	Move to the Alnwick Partnership	<p>The families have determined their preferences by the choices and the changes that have already taken place. The Local Authorities failure to address this issue over so many years has preempted these choices, along with the Berwick Schools' repeated failures to adapt, make changes and deliver for so many children and young people in the catchment communities.</p> <p>This straightforward matter must not unnecessarily delay the focus and emphasis on addressing, resolving and progressing the development of a new arrangement for the Berwick Schools Partnership that is the priority. Repeating failures through inaction and needless delay further compromises everyone involved and creates further unnecessary uncertainty.</p>

Resident/member of the community living in the Berwick Partnership	Remain in the Berwick Partnership	Majority of parents in the Wooler area are making the choice for Alnwick because of the standards at Berwick Academy. In what capacity are you responding to the consultation - Role	Do you think Glendale Middle school and Wooler First should remain in the Berwick Partnership or move to the Alnwick Partnership?	Please give the reasons for your answer here or state 'None' - Comment
Parent/Carer of a pupil currently attending Berwick Middle	Remain in the Berwick Partnership	None
Parent/Carer of a pupil currently attending Spittal First	Remain in the Berwick Partnership	For many years children have travelled to Berwick schools either by car or bus and it has never been a problem in the past so why change it now..
Other – please state	Don't Know	None
Resident/member of the community living in the Berwick Partnership	Move to the Alnwick Partnership	None
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Glendale Middle School and Wooler First School should remain in the partnership as currently their Year 8 pupils transition to Berwick Academy due to Alnwick having limited spaces available. Both Glendale Middle and Wooler First School are rated 'good' by Ofsted and have some features of outstanding. Also by retaining both these schools in Wooler it strengthens the Berwick Partnership and also retains the numbers within.
