

In what capacity are you responding to the consultation – Role	Do you think Belford Primary School should remain in the Berwick Partnership or move to the Alnwick Partnership?	Please give the reasons for your answer here or state 'None' - Comment
Parent/Carer of a pupil currently attending Berwick Middle	Remain in the Berwick Partnership	None
Resident/member of the community living in the Berwick Partnership	Remain in the Berwick Partnership	None
Parent/Carer of a pupil currently attending Tweedmouth Middle	Don't Know	None
Staff Member of The Grove	Remain in the Berwick Partnership	None
Parent/Carer of a pupil currently attending Tweedmouth Middle	Remain in the Berwick Partnership	The area is small and would benefit to attend in Berwick. This increased the population in Berwick schools.
Parent/Carer of a pupil currently attending Wooler First	Move to the Alnwick Partnership	Belford already has no middle school & it's very u fair that children are expected to move to a middle school in Berwick for year 7&8 before going to the academy. They should all be going to Alnwick for year 7
Resident/member of the community living in the Berwick Partnership	Don't Know	None
Parent/Carer of a pupil currently attending Tweedmouth Middle	Move to the Alnwick Partnership	Nearer Alnwick than Berwick
Parent/Carer of a pupil currently attending St Mary's CE First	Move to the Alnwick Partnership	none
Parent/Carer of a pupil currently attending Tweedmouth Middle	Remain in the Berwick Partnership	None
Parent/Carer of a pupil currently attending Tweedmouth Middle	Don't Know	None
Staff Member of Belford Primary	Move to the Alnwick Partnership	The majority of children from Belford Primary feed into Duchess's High school already

Parent/Carer of a pupil currently attending Berwick Academy	Don't Know	None
Parent/Carer of a pupil currently attending Berwick Middle	Move to the Alnwick Partnership	None
Parent/Carer of a pupil currently attending Berwick Academy	Don't Know	I have stated this answer as I feel I cannot comment on this . But if I could I would say They go to Alnwick.
Parent/Carer of a pupil currently attending Glendale Middle	Don't Know	None
Other – please state	Remain in the Berwick Partnership	As above
Resident/member of the community living in the Berwick Partnership	Don't Know	Again that is for Belford residents to decide
Staff Member of Wooler First	Move to the Alnwick Partnership	They are already set as a primary school and fit better within Alnwick partnership
Staff Member of Berwick Middle	Remain in the Berwick Partnership	None
Governor of Norham St Ceolwulfs CE First	Remain in the Berwick Partnership	Locale.
Parent/Carer of a pupil currently attending Tweedmouth Middle	Don't Know	None
Parent/Carer of a pupil currently attending Hugh Joicey CE First	Move to the Alnwick Partnership	None
Resident/member of the community living in the Berwick Partnership	Move to the Alnwick Partnership	Alnwick school is part of the 2 tier system therefore if the Belford children opted for Berwick they would have to go to middle school before high.
Parent/Carer of a pupil currently attending Glendale Middle	Don't Know	None
Parent/Carer of a pupil currently attending Glendale Middle	Remain in the Berwick Partnership	None

Parent/Carer of a pupil currently attending Belford Primary	Remain in the Berwick Partnership	Contrary to popular opinion, i feel that it is necessary to improve standards at Berwick rather than simply ship children off to Alnwick. As things currently stand my child would be getting sent to Berwick after year 6 at Belford as not only am I not inclined to pay the bus fees but I fear that Alnwick has many issues to contend with and many people don't look past the more modern exterior of the school building. I have heard of equally disturbing things happening at Alnwick that i suspect unfortunately also happen at Berwick
Parent/Carer of a pupil currently attending Wooler First	Don't Know	none
Parent/Carer of a pupil currently attending Berwick Middle	Don't Know	Again I think this decision should be made by the school and the parents of the area.
Parent/Carer of a pupil currently attending Tweedmouth Prior Park First	Remain in the Berwick Partnership	none
Other – please state	Remain in the Berwick Partnership	None
Governor of St Cuthbert's RC First	Move to the Alnwick Partnership	parents already requesting it
Parent/Carer of a pupil currently attending Belford Primary	Move to the Alnwick Partnership	As a parent and with my work travel Alnwick is easier and friends and peers are also likely to choose that if space allows so just makes sense to formalise it so numbers can be more accurately budgeted for by respective schools
Parent/Carer of a pupil currently attending Glendale Middle	Move to the Alnwick Partnership	Same as above
Other – please state	Remain in the Berwick Partnership	Proximity.
Parent/Carer of a pupil currently attending Berwick Academy	Move to the Alnwick Partnership	They are already a two tier system and most of their children go to Duchess so it would make sense to be in the Alnwick partnership and run alongside them
Parent/Carer of a pupil currently attending Glendale Middle	Don't Know	It would be determined by those people living in that area
Parent/Carer of a pupil currently attending Tweedmouth Prior Park First	Don't Know	I am not in a position to make an informed decision.
Staff Member of Berwick Middle	Move to the Alnwick Partnership	Again better links with Alnwick for pupils

Resident/member of the community living outside of the Berwick Partnership	Don't Know	As for Wooler.
Parent/Carer of a pupil currently attending Berwick Middle	Move to the Alnwick Partnership	None
Parent/Carer of a pupil currently attending Wooler First	Don't Know	None
Parent/Carer of a pupil currently attending Tweedmouth Prior Park First	Move to the Alnwick Partnership	They have moved to a two tier system so should follow this.
Staff Member of Hugh Joicey CE First	Remain in the Berwick Partnership	I think it would be good for the stability of the Berwick Partnership to have Belford as our southernmost partner.

Parent/Carer of a pupil currently attending Belford Primary	Move to the Alnwick Partnership	they already attend Alnwick high school
Parent/Carer of a pupil currently attending Wooler First	Don't Know	No strong opinion on Belford
Parent/Carer of a pupil currently attending Hugh Joicey CE First	Don't Know	None
Parent/Carer of a pupil currently attending Berwick Academy	Remain in the Berwick Partnership	None
Other – please state	Don't Know	None

Parent/Carer of a pupil currently attending Lowick First	Don't Know	Currently the parents and staff seem keen to move to Alnwick due to a better reputation for the High School so their opinions should take priority. But if the provision in Berwick improves soon then it's good to have the option of both due to Belford's central location. Keeping options open surely benefits parents and children so they can make a choice based on their family's needs?
Parent/Carer of a pupil currently attending Glendale Middle	Move to the Alnwick Partnership	They are a primary, so it would make sense for them to feed into a secondary school in the 2-tier system.
Parent/Carer of a pupil currently attending Tweedmouth Middle	Don't Know	I don't live in the area so don't feel I can make that decision.
Other – please state	Move to the Alnwick Partnership	Again, I'm I think that many parents already send their children to the Duchess's High School.
Governor of Hugh Joicey CE First	Don't Know	This is primarily an issue of identity.
Staff Member of Tweedmouth Prior Park First	Remain in the Berwick Partnership	None
Parent/Carer of a pupil currently attending Berwick Middle	Move to the Alnwick Partnership	None
Governor of St Cuthbert's RC First	Don't Know	See above.
Staff Member of Berwick Middle	Remain in the Berwick Partnership	As above
Parent/Carer of a pupil currently attending Holy Trinity CE First	Move to the Alnwick Partnership	Middle school already closed so smoother transition if y6 move to Alnwick in two tier system
Parent/Carer of a pupil currently attending Berwick Academy	Don't Know	None
Parent/Carer of a pupil currently attending Tweedmouth Middle	Remain in the Berwick Partnership	As number 10.
Parent/Carer of a pupil currently attending Tweedmouth West First	Don't Know	None
Parent/Carer of a pupil currently attending Scremerston First	Don't Know	I believe it has already moved to the Alnwick partnership.

Parent/Carer of a pupil currently attending Berwick Middle	Don't Know	As all the children from these schools largely go to Alnwick now it would seem sensible for this to be formalised.
Parent/Carer of a pupil currently attending Berwick Middle	Move to the Alnwick Partnership	As above.
Parent/Carer of a pupil currently attending Tweedmouth Middle	Move to the Alnwick Partnership	Closer to them
Staff Member of Berwick Middle	Remain in the Berwick Partnership	Again, I think it is for the locals within that particular area to decide really as some will have a preference either way
Parent/Carer of a pupil currently attending Holy Trinity CE First	Remain in the Berwick Partnership	As above
Other – please state	Don't Know	Others would be better placed to comment on this aspect
Parent/Carer of a pupil currently attending Hugh Joicey CE First	Move to the Alnwick Partnership	Seems easier and nearer Alnwick, I think most kids that go to Belford go to Alnwick for other activities out of school.
Parent/Carer of pupil/student in another school in Northumberland	Move to the Alnwick Partnership	It is already a feeder school for Duchess's High Alnwick
Parent/Carer of a pupil currently attending Belford Primary	Move to the Alnwick Partnership	It's a primary it should feed the high I lost my sons transport due to the absolute carnage this has caused on the transport situation living rural catchments keep being spoken of yet the schools in limbo.... Horrific really and not on no one cares
Resident/member of the community living in the Berwick Partnership	Move to the Alnwick Partnership	Majority now go to Alnwick rather than Berwick as it's 2 tier rather than 3 tier
Parent/Carer of a pupil currently attending Belford Primary	Move to the Alnwick Partnership	I am seriously concerned about my son, who has additional needs, moving from Belford primary to Alnwick secondary as there is no school transport due to it still being classed as being in the Berwick partnership even though it is not feasible
Resident/member of the community living in the Berwick Partnership	Move to the Alnwick Partnership	It's already 2 tier so makes sense to go with Alnwick which is 2 tier.
Other – please state	Move to the Alnwick Partnership	Better school in Alnwick - the statistics will show how the intake at Berwick has massively declined over the years. With the children living in Belford.

Parent/Carer of a pupil currently attending Belford Primary	Move to the Alnwick Partnership	This would be the best option for Belford to move to Alnwick partnership, 99% of the children that left year 6 at Belford last year have went on to attend the Duchess. There has been nothing but issues with the current transport situation for the children it has quite honestly been diabolical and I feel it is vital that they are able to receive secure, safe and well organised transport. Not only would this ensure our children are safe when travelling to and from school but it would help with funded and well organised travel for my children to attended The Duchess high school.
Councillor of Belford with Middleton Parish Council	Move to the Alnwick Partnership	Majority of Belford Residents choose to send their children to Alnwick, despite the increase in cost to themselves. The move would be very beneficial.
Resident/member of the community living outside of the Berwick Partnership	Move to the Alnwick Partnership	The vast majority of Belford primary students go to alnwick high, and if the catchment area changes then parents won't be expected to arrange and pay for transport for a class full of children
Resident/member of the community living in the Berwick Partnership	Remain in the Berwick Partnership	Transport is provided to Berwick. The only reason children go to Alnwick when they do is because Berwick is three tier and it would mean children attending a Middle School in Berwick before High School which presents problems for them traveling to the Middle School.
Parent/Carer of a pupil currently attending Berwick Middle	Don't Know	None
Resident/member of the community living in the Berwick Partnership	Remain in the Berwick Partnership	It makes sense geographically .
Resident/member of the community living in the Berwick Partnership	Move to the Alnwick Partnership	None

Parent/Carer of a pupil currently attending Belford Primary	Move to the Alnwick Partnership	<p>As Belford now has a Primary school it makes sense that the children should be part of the Alnwick Partnership and therefore automatically become pupils of Duchess's High School within a 2 tier system. Currently remaining within Berwick Partnership means the children would attend Belford Primary then transfer to within a 3 tier system at Berwick Middle school before attending the Academy. This causes more disruption for the children when they could be changing schools only once with their peers and settling into Alnwick well before starting their GCSEs.</p> <p>My eldest daughter currently attends Duchess's High School, as do all her peers, and it worked very well for her to merge into Secondary school curriculum after Belford Primary.</p> <p>Another reason for Belford to become part of Alnwick Partnership is to request that the children receive bus passes - if they were attending Berwick they would get them - so I assume the budget would be made available for such pupils as it would if they go to Berwick.</p>
Parent/Carer of a pupil currently attending Berwick Academy	Remain in the Berwick Partnership	None
Resident/member of the community living in the Berwick Partnership	Move to the Alnwick Partnership	Belford parents show definite preference for Alnwick and their age-organisation is matched to Alnwick but not currently to Berwick.
Student/Pupil of Wooler First	Don't Know	None
Resident/member of the community living in the Berwick Partnership	Move to the Alnwick Partnership	Historically many of Belford parents have either paid for their children to go to Alnwick or have wanted their children to go to Alnwick. Alnwick Secondary School has a better reputation than Berwick and is a better school, in my opinion as an ex deputy headteacher.
Parent/Carer of a pupil currently attending Spittal First	Don't Know	none
Parent/Carer of a pupil currently attending Wooler First	Move to the Alnwick Partnership	Same reasons noted above.

Parent/Carer of a pupil currently attending Hugh Joicey CE First	Don't Know	None
Staff Member of Berwick Middle	Remain in the Berwick Partnership	The schools have always been part of our structure and should remain so.
Resident/member of the community living in the Berwick Partnership	Remain in the Berwick Partnership	Berwick is nearer to Belford. The problems - and there are problems - won't be fixed by taking some children out of the equation! That's ghettoising the children of Berwick! See my longer answer above to Q7.
Parent/Carer of a pupil currently attending Holy Trinity CE First	Don't Know	None
Governor of Belford Primary	Move to the Alnwick Partnership	All the children go to Alnwick - this is democracy in action
Parent/Carer of a pupil currently attending Berwick Academy	Don't Know	Although I would prefer Belford primary remain in the partnership to maintain pupil numbers in the partnership, I think that the decision should be for Belford primary to make.
Governor of Belford Primary	Move to the Alnwick Partnership	That is already where the majority of the children go, and as far as I can tell the majority have gone there since long before Belford Middle School closed.
Staff Member of Berwick Middle	Move to the Alnwick Partnership	As above.
Councillor of Lowick Parish Council	Don't Know	As previous if Berwick High was a school everyone wanted to be at pupils would travel and boost numbers.
Parent/Carer of a pupil currently attending Berwick Middle	Remain in the Berwick Partnership	Nearer to berwick therefore travel times are better.
Staff Member of Berwick Academy	Remain in the Berwick Partnership	None
Staff Member of Berwick Academy	Move to the Alnwick Partnership	See Q10.
Staff Member of Berwick Academy	Remain in the Berwick Partnership	None
Staff Member of Berwick Academy	Don't Know	If more pupils from these first schools go to Alnwick then they should consider joining the Alnwick Partnership.
Parent/Carer of a pupil currently attending Scremerston First	Don't Know	None

Parent/Carer of a pupil currently attending Belford Primary	Move to the Alnwick Partnership	Reasons: Belford primary school should move to the Alnwick partnership as they are already a primary school in line with the 2 tier format, therefore this would fall in line with the Alnwick partnership and be a seamless transition from primary to secondary school. This should have been done years ago when they were moved to a 2 tier school system following the closure of Belford middle school! Belford already communicate with the Alnwick partnership and due to Belford being a primary school the children have visited other primary schools in the Alnwick partnership for sport events so have started to meet other children they would move to secondary school with. Travel: Although the distance is similar the journey is quicker to Alnwick then Berwick due to the better roads (although still not great) which makes already long days for young children shorter. Personal: For me personally Alnwick being closer to the Freeman hospital then what Berwick is would also help ease any anxiety I have over my child taking poorly and needing medical care due to his heart condition.
Parent/Carer of pupil/student in another school in Northumberland	Remain in the Berwick Partnership	Closer to Berwick
Staff Member of Berwick Academy	Remain in the Berwick Partnership	Better for the school ecosystem of Berwick if they are partnered
Parent/Carer of a pupil currently attending Belford Primary	Move to the Alnwick Partnership	Vast majority of parents now wish for their children to attend alnwick high school over berwick academy

Parent/Carer of a pupil currently attending St Cuthbert's RC First	Remain in the Berwick Partnership	None
Staff Member of Scremerston First	Move to the Alnwick Partnership	It seems reasonable for Belford primary school to move to the Alnwick partnership as pupils from this school seem to go to the Duchess school anyway.

Parent/Carer of a pupil currently attending St Cuthbert's RC First	Don't Know	None
Parent/Carer of a pupil currently attending Berwick Middle	Remain in the Berwick Partnership	Don't want to lose children to alnwick
Parent/Carer of a pupil currently attending Berwick Academy	Don't Know	Again, go with what the majority of families in the Belford catchment want.
Parent/Carer of a pupil currently attending Hugh Joicey CE First	Don't Know	None
Parent/Carer of a pupil currently attending Belford Primary	Move to the Alnwick Partnership	Historically most students in Belford have all moved to Duchess High School. Now that Alnwick and Belford are part of the two tier system it makes sense to move to the Alnwick partnership as all pupils choose to attend Alnwick and it would not make sense for pupils to move to a middle school for years 7 & 8 and then have another transition to Year 9. In many cases students attending Belford live closer to Alnwick than Berwick. My children are at Belford and i would want them to transition to Alnwick for secondary school.

Staff Member in another School in Northumberland	Move to the Alnwick Partnership	<p>Both of my children attend this Primary School, as Belford are now part of the two tier system and my son will be moving to secondary school in September 2023 I believe it is in his best interests to move onto to the Duchess High school in Alnwick so that he can continue from primary to secondary with only one transition. It does not make sense for a child to move from a primary school in year 6 to a middle school for years 7&8 and then have another transition to high school in year 9. currently 100% of pupils at Belford primary transition to Alnwick and this is why I believe Belford should move to the Alnwick partnership.</p> <p>My children also have many friends and family in Alnwick, are part of communities such as Alnwick Rugby club, Rock Cricket club, Percy Pony club and they have no friends or family in the Berwick area, this would be alien to them and would make child care a huge problem.</p>
Staff Member of Tweedmouth Prior Park First	Don't Know	Should be decided on distance, availability of places and parental ballot
Staff Member of Hugh Joicey CE First	Don't Know	It depends on whether the decision goes ahead to make the Berwick partnership into a two tier system. If this happens, Belford should remain. If it were to stay three tier, it would make sense for Belford to move to the two tier partnership.
Parent/Carer of a pupil currently attending Hugh Joicey CE First	Don't Know	My child does not go to this school so I do not have a vested interest in this option .
Parent/Carer of a pupil currently attending Hugh Joicey CE First	Don't Know	I have no first hand knowledge on this matter so couldn't say.
Parent/Carer of a pupil currently attending Berwick Academy	Remain in the Berwick Partnership	None
Parent/Carer of a pupil currently attending The Grove	Remain in the Berwick Partnership	None
Parent/Carer of a pupil currently attending Belford Primary	Remain in the Berwick Partnership	Alnwick already has a large catchment area and a school that is not big enough for the pupils they have, Berwick school is on an upward projection whereas Alnwick seems to be having some difficulties
Staff Member of Berwick Academy	Remain in the Berwick Partnership	Making catchment area smaller will only make the falling birth rate more of an issue
Staff Member of Hugh Joicey CE First	Don't Know	not sure what would be best.

Staff Member of Glendale Middle	Move to the Alnwick Partnership	None.
Parent/Carer of a pupil currently attending Belford Primary	Move to the Alnwick Partnership	They are already following the educational path for joining a secondary school; Duchess High School teachers come into the school and speak with the children (no Berwick representation has happened); Too disjointed having a primary feed into an established year in a middle school; High potential they could be repeating school work already covered;

Governor of Hugh Joicey CE First	Don't Know	None
Parent/Carer of a pupil currently attending Glendale Middle	Remain in the Berwick Partnership	I would have thought that Berwick is in the better catchment area for travelling etc.

Parent/Carer of a pupil currently attending The Grove	Don't Know	Again it is hard to say. On the basis that Belford is now two-tier and that the vast majority of its children attend Alnwick then it would make sense to make it part of the Alnwick partnership. However, as the high school in Alnwick is struggling to accommodate new pupils and is pretty much at capacity there are surely going to be issues where children from the same household have to attend different high schools which is not an ideal situation. In this instance it would make more sense for Belford to stay in the Berwick partnership but this will only work if Berwick becomes two-tier.
Staff Member of Berwick Middle	Don't Know	None
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Alnwick do not have room to accommodate the pupils.
Parent/Carer of a pupil currently attending Tweedmouth Prior Park First	Remain in the Berwick Partnership	As stated previously for the other schools on the outskirts of Berwick, I don't believe they should be moved into a partnership that has full schools and no room for the extra pupils.
Parent/Carer of a pupil currently attending Tweedmouth Middle	Don't Know	None
Governor of Berwick Academy	Remain in the Berwick Partnership	Remain. Whilst I understand that Belford is equi-distant from Berwick and Alnwick. The Berwick catchment area operates on a 90 degree catchment area, i.e. nothing North of Berwick in Scotland, and nothing East in the North Sea. Whilst Alnwick has a 270 degree catchment area (North Sea excluded!) Alnwick has potentially a much bigger catchment area and could arguably leverage this to retain pupil numbers. Berwick does not have that luxury, so one of the ways to guarantee Berwick's economic stability and retain or improve pupil numbers would be to make Belford a Berwick only catchment area, except where geographic, parent, pupil issues, mean it is not economically viable for parents to send children further to Berwick than Alnwick!
Parent/Carer of a pupil currently attending Hugh Joicey CE First	Don't Know	None
Other – please state	Don't Know	Again geographically I am not sure if this is a consideration or not. It is clear the children attain well and this would add to Berwick Academy in terms of richness and depth of classroom contribution.
Parent/Carer of a pupil currently attending Berwick Academy	Move to the Alnwick Partnership	It makes more sense seeing as Belford is slightly closer to Alnwick

Parent/Carer of a pupil currently attending Norham St Ceolwulfs CE First	Remain in the Berwick Partnership	Same as above with wooler and Glendale

Other – please state	Don't Know	None

Parent/Carer of a pupil currently attending Tweedmouth Prior Park First	Don't Know	Same as above
Parent/Carer of a pupil currently attending Lowick First	Move to the Alnwick Partnership	Again, I believe most students transition to Alnwick and it is actually closer to Alnwick than Berwick.
Parent/Carer of a pupil currently attending Belford Primary	Move to the Alnwick Partnership	Because the Alnwick Partnership is 2 Tier, the least disruptive system as stated above. Furthermore, Belford is already a Primary School, so aligns with the Alnwick Partnership.
Parent/Carer of pupil/student in another school in Northumberland	Move to the Alnwick Partnership	I don't believe Berwick school is even adequate therefore Alnwick is a better option for Belford Children.
Parent/Carer of a pupil currently attending Belford Primary	Move to the Alnwick Partnership	Children will have only one transition to do, they will sit one set of exams sats before moving
Parent/Carer of a pupil currently attending St Cuthbert's RC First	Move to the Alnwick Partnership	The reasons would be the same as above. Children appear to be doing very well in Belford Primary compared to the Middle Schools. However I do not have children in Belford or Wooler schools and do not know the details of the decisions to be made on this.
Councillor of Wooler Parish Council	Remain in the Berwick Partnership	none
Parent/Carer of a pupil currently attending Lowick First	Move to the Alnwick Partnership	It is far quicker to go to Alnwick than to Berwick from Belford. It is also nearer to Alnwick. This is important if moving to two tier as the children will be younger when they go on the busses. The less time on the bus the better for a young person. There are better facilities and clubs in Alnwick which will give rural children a chance to improve themselves, make links to Alnwick which may result in jobs down the line.
Parent/Carer of pupil/student in another school in Northumberland	Don't Know	Could still be a choice but if most live south of Belford then Alnwick would be better.
Parent/Carer of a pupil currently attending Hugh Joicey CE First	Move to the Alnwick Partnership	Geographically it probably makes sense to put it within Alnwick.

Governor of Belford Primary	Move to the Alnwick Partnership	<p>All our children progress to Alnwick. This has been the case for many years. However, as a currently official member of the Berwick Partnership, our staff attend meetings of the Alnwick Partnership as well as the Berwick Partnership. This doubles their workload on liaison and transition issues and half of it is unnecessary. All our efforts need to go into further developing the transition arrangements with Alnwick.</p> <p>Equally importantly, our children and parents would benefit from free home-to-school transport, which is an important consideration for them, especially in the current economic climate.</p>
Parent/Carer of a pupil currently attending Spittal First	Don't Know	As above.
Staff Member of Tweedmouth Middle	Move to the Alnwick Partnership	I feel that due to Belford no longer having a middle school that it would be to expensive for parents to buy uniform for 2 years in a middle school and most of the children go to Alnwick now.
Student/Pupil of Berwick Middle	Don't Know	None
Parent/Carer of a pupil currently attending Scremerston First	Don't Know	I feel that's not my decision to make but the decision of parents, children, staff and governors of those schools.

Parent/Carer of a pupil currently attending Berwick Middle	Remain in the Berwick Partnership	None

Governor of Berwick Academy	Don't Know	Whilst I would like to see Belford remain in Berwick I appreciate a number of parents have opted for the Alnwick partnership and being a primary is aligned with that However I would like to think that when Berwick is 2 tier and outcomes continue improving it will be the choice of parents and so increase numbers in the partnership
Parent/Carer of a pupil currently attending Berwick Middle	Don't Know	None
Staff Member of Holy Trinity CE First	Remain in the Berwick Partnership	As above for Wooler/Glendale
Parent/Carer of a pupil currently attending Berwick Middle	Remain in the Berwick Partnership	Again Berwick needs diversity to provide the whole community with a high quality learning experience.
Parent/Carer of a pupil currently attending Holy Trinity CE First	Remain in the Berwick Partnership	As above.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Belford to remain in the partnership and free school transport retained because Alnwick is FULL and not getting the results they did before the transition to 2 tier. It hasn't been proven yet to the public that their rebuild and move to 2 tier has been successful.

Staff Member of Tweedmouth Middle	Don't Know	None
Parent/Carer of a pupil currently attending Tweedmouth Middle	Don't Know	Quite simply they are in the middle and they can send their children either way so being in the partnership let's them make an informed choice about their children's education
Staff Member of Glendale Middle	Don't Know	None
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Belford pupils need to have the choice of high school due to their location.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Belford should remain in the Berwick partnership as they retain free transport to Berwick. As stated above, Belford children should be encouraged to be educated within our partnership as I believe that the Academy will be rated 'good' before Alnwick is.

Staff Member of Berwick Academy	Don't Know	none
Staff Member of Berwick Academy	Remain in the Berwick Partnership	The children who currently live closer to the Berwick area should come into the Berwick system. Glendale and Belford can feed into both schools when the systems are aligned.
Staff Member of Berwick Middle	Remain in the Berwick Partnership	Belford is a strong school and should be retained in the Berwick Partnership, they have a lot to offer and I would hope that the schools can come together to share good practice and support each other. Help keep each other building towards a better future and hold each other accountable (in a supportive, progressive way - not like Ofsted).
Staff Member of Berwick Academy	Don't Know	I am really not sure about this
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	I think Belford should remain as they retain free transport to Berwick and again would keep that connection to the town and between the children.
Staff Member of Berwick Academy	Remain in the Berwick Partnership	Strategically, this would support pupil numbers at Berwick Academy where it is of greater need than in the Alnwick partnership. If both systems were two tier, then parents would be faced with a easier decision as the transition point would be the same in both Berwick and Alnwick. This would support parental choice in the area.
Governor of Tweedmouth Prior Park First	Don't Know	Again I do not have the detailed knowledge about the school in Belford to make this decision. I would leave it to those more involved, including the Secondary schools in Berwick and Alnwick, to make a decision after fuller local consultation.
Parent/Carer of a pupil currently attending Berwick Middle	Remain in the Berwick Partnership	Belford remaining a partnership school as they retain free transport to Berwick. I am of the opinion that Berwick Academy will be a good school before Alnwick so we need to encourage Belford pupils to come to Berwick. This again strengthens the partnership and should hopefully allow the Academy to recruit and retain staff and offer a full and balanced curriculum allowing pupils in Northumberland to achieve and succeed. This also ensures that rural areas are being provided with vital educational provision allowing pupils from rural areas to thrive.

Resident/member of the community living outside of the Berwick Partnership	Move to the Alnwick Partnership	more tricky this one - a bit of a swarland primary situation where pupils go to alnwick/morpeth dependent on residence... could the school support both partnerships?

Parent/Carer of a pupil currently attending Hugh Joicey CE First	Move to the Alnwick Partnership	I think as Belford is closer to Alnwick and has already lost its Middle School so is therefore on route to the two tier system. It would be better for the parents and children to know the full path for their education.

Resident/member of the community living in the Berwick Partnership	Don't Know	<p>As a parent of school-age children some 25 years ago, I chose to pay the bus fare to send our two youngsters out of catchment to Duchess High School, so that they could fulfil their undoubted academic potential. As a teacher and SENCO at Belford First School, I was in a position to make an informed choice about the relative merits of the two High Schools. Other parents could not afford the bus fare, and had no such choice.</p> <p>I would like nothing better than to see a good, successful High School in Berwick, meeting the needs and aspirations of all learners. For my four grandchildren now. It would not be necessary to move Belford Primary (and potentially the Wooler schools) into the Alnwick Partnership to address what is currently a deficit in the Berwick Partnership High School; the high percentage of pupils choosing to leave the Berwick Partnership at 13 years to attend out of catchment schools, would no doubt return too, if there were a greatly improved offer at the High School in Berwick. Be brave, and follow a Headteacher with ambition and vision, and a Senior Leadership Team and teachers to match, to transform the High School into the outstanding education establishment Berwick youngsters deserve. There will not be a "quick fix", but a real attempt is infinitely better than no fix at all, or the endless promises of improvement over the years which have failed to materialise, and which, incidentally, have failed the youngsters of Berwick too. Simply moving some schools into another Partnership suggests reactive acceptance that Berwick High School is not good enough, instead of making a proactive attempt to improve matters there.</p>

Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	<p>Not only are Belford pupils entitled to free transport to Berwick, but I feel the Academy has a better chance to become a 'Good' school in Ofsted eyes well before the Duchess. We should be encouraging pupils from Belford to come to Berwick for their later education.</p> <p>From the perspective of my role within school as a PE teacher having Belford remain in our partnership is the right idea. This allows their pupils the chance to take part in sporting fixtures and competitions alongside schools in the Berwick partnership. If they left the Berwick partnership or if Berwick went to two tier their opportunities would be diminished hugely.</p>
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Yes as this would also increase our numbers
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	There is free transport from Belford to Berwick. The Academy has real potential in becoming a 'good' school. Again, Alnwick is not big enough to accommodate these extra pupils.
Resident/member of the community living in the Berwick Partnership	Remain in the Berwick Partnership	Alnwick may struggle to accommodate Belford pupils.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Belford is closer to Berwick. Gives parents a choice based on the needs of their children. It would retain pupils, who make think they did not have a choice at the moment.
Parent/Carer of a pupil currently attending Wooler First	Remain in the Berwick Partnership	See answer above.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	They should stay to increase and retain numbers within the partnership.
Staff Member of Tweedmouth Middle	Move to the Alnwick Partnership	<p>This is a judgement call based on 20 years experience within the Berwick Partnership.</p> <p>Berwick Academy needs more pupils that are currently 'out of' the partnership. Glendale remaining in Partnership would boost numbers and therefore finance.</p> <p>However, in the absence, as yet, of any real and useful information about precisely what the post- reorganization educational landscape might actually look like in north Northumberland, it is impossible to make any validly informed judgement; and so we offer, in what follows below, some important closely associated issues which we feel merit very careful consideration.</p>

Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Belford is closer to Berwick... catchment area! - There is existing free transport for Belford pupils to attend Berwick Academy - this would support retaining / increasing pupil numbers to the Academy.
Parent/Carer of a pupil currently attending Holy Trinity CE First	Remain in the Berwick Partnership	Again - within the Berwick catchment area - retain and increase pupil numbers.
Parent/Carer of a pupil currently attending Tweedmouth Middle	Don't Know	As Belford now has a primary school a 2 tier system would be more appropriate, however, if pupils wish to go to Berwick then this should be encouraged.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Berwick is a closer option for pupils travelling
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Belford is closer to Berwick than Alnwick: they should be part of the Berwick Partnership.
Parent/Carer of a pupil currently attending Glendale Middle	Move to the Alnwick Partnership	I assumed that Belford was in the Alnwick Partnership due to it's location. The fact that it was changed from 3 tier to 2 tier in 2018 would make it more suited to feeding into Alnwick rather than Berwick after all.....
Staff Member of Berwick Middle	Don't Know	I believe that the parents and pupils of Belford Primary School should primarily be asked about this and their views should be taken into account. I also believe that it is near impossible to answer this question at this present time, until it has been decided if Berwick should remain a three-tier system.

Parent/Carer of a pupil currently attending Holy Trinity CE First	Remain in the Berwick Partnership	Prevents loss of pupils to another area. Keeps numbers high for things like competitions etc.
Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	When pupil numbers are declining in the Berwick Partnership as stated in the consultation document then moving Belford Primary out of the partnership would only exacerbate the issue with falling pupil numbers and would result in closure of some Berwick Schools.

Parent/Carer of a pupil currently attending Hugh Joicey CE First	Move to the Alnwick Partnership	As the first school has already changed to Primary they are basically already in a 2 tier system so they might as well have the perks of free school transport as most of them already travel to Alnwick due to the state of Berwick Academy.

Resident/member of the community living in the Berwick Partnership	Move to the Alnwick Partnership	<p>The families have determined their preferences by the choices and the changes that have already taken place. The Local Authorities failure to address this issue over so many years has preempted these choices, along with the Berwick Schools' repeated failures to adapt, make changes and deliver for so many children and young people in the catchment communities.</p> <p>This straightforward matter must not unnecessarily delay the focus and emphasis on addressing, resolving and progressing the development of a new arrangement for the Berwick Schools Partnership that is the priority. Repeating failures through inaction and needless delay further compromises everyone involved and creates further unnecessary uncertainty.</p>

Staff Member of Tweedmouth Middle	Remain in the Berwick Partnership	Belford Primary should remain in the partnership as currently their Year 8 pupils transition to Berwick Academy as they retain free transport to Berwick. Belford Primary is rated 'good' by Ofsted and has some features of outstanding. Also by retaining Belford Primary it strengthens the Berwick Partnership and also retains the numbers within.
