

Governors response on the consultation for the Berwick partnership

As Governors of The Grove School we feel that we are not in a position to comment on the 2 tier or 3 tier question. We do however wish to strongly state our commitment to the development of SEND in the partnership and as part of this the development of a larger Grove School, this would be to meet the needs of the children in the partnership that we currently do not have space for. The current building is also not fit for purpose going forward with well documented issues. The Grove School can offer Outstanding support to pupils with Profound and Multiple Learning difficulties and will also support the development of any further SEND provision in the partnership. We however would intend to remain with our current criteria for places in our school.

Yours Sincerely

The Governing Body of The Grove School
