Northumberland
County Council

## COUNCIL

DATE: 22 FEBRUARY 2023

Political Proportionality<br>Report of Councillor Richard Wearmouth, Deputy Leader and Portfolio Holder for Corporate Services<br>Executive Director: Monitoring Officer and Interim Senior Service Director

## Purpose of report

To determine the political proportionality of the registered political groups on the council and to allocate seats on committees in accordance with that proportionality in accordance with the provisions of Sections 15 and 16 of the Local Government and Housing Act 1989.

## Recommendations

It is recommended that Council:

1. Notes that following the notification by the Independent Group Leader of changes to the number in the Independent group, the total number of councillors in each political group on the County Council is now Conservative 33, Labour 20, Independent 7, Liberal Democrat 4, Green 2 and 1 un-grouped member.
2. Confirms that the political proportionality of the Groups is as follows: Conservative 49.25\%, Labour 29.85\%, Independent 10.45\%, Liberal Democrat 5.97\%, Green 2.99\% and un-grouped 1.49\%.
3. Agrees to continue to use the method for determining allocations to Committees as agreed by Full Council at its meeting of 30 March 2022.
4. Approves the provisions of Appendix 1 which sets out the proportional allocation of places on committees in accordance with the proportionality approved above.
5. Agrees the allocation of seats to Northumberland County principal/decision making Committees set out in Appendix 2 to this report.
6. Agrees allocations to advisory/non-decision-making committees set out in Appendix 3 to this report.
7. Agrees Group Leaders will appoint members to fill the committee places allocated to their respective Groups and agree that Group Leaders will provide a finalised list of members for each committee (in line with their respective allocations) to the Monitoring Officer to fill the allocated positions.

## Link to Corporate Plan

This report links to all aims and priorities of the Corporate Plan.

## Key issues

Democratic Services has received notice that one councillor who was previously a non aligned member is now a member of the Independent Group. In accordance with the provisions of Local Government and Housing Act 1989 and the Local Government (Committees and Political Groups) Regulations 1990, as amended, the County Council is under a legal obligation to review its proportionality and re-allocate seats on committees to reflect the new political balance of Council.

## Background

1. Section 15 of the 1989 Act (Duty to Allocate Seats to Political Groups) sets out the requirements as to political proportionality on Council bodies and requires the Council, in allocating seats on committees and sub-committees of the Council to political groups, to give effect, so far as practicable, to the following four principles:
(a) that not all seats on the committee/sub-committee are allocated to the same political group;
(b) that a political group having a majority of seats on the Council should have a majority on each committee and sub-committee;
(c) that, subject to (a) and (b) above, the number of seats on the Council's committees and sub-committees allocated to each political group, bears the same proportion to the total number of such committee/sub-committee seats as the number of members of that group bears to the membership of the full Council; and
(d) that, subject to (a) to (c) above, seats will be allocated on each committee and subcommittee in the same ratio as exists on the full Council.
2. Section 16 of the 1989 Act (Duty to Give Effect to Allocations) requires the Council to give effect to the allocations determined as set out above in accordance with the wishes of the relevant group.
3. The precise methodology for determining allocations to Committees is not prescribed in the legislation. In March 2022, Council resolved to continue with the convention in Northumberland on its method of allocating Committee seats. This convention is that having calculated the overall proportion of Council seats held by each party, places on
individual Committees are allocated on the basis of whole numbers, and adopting this approach again has been endorsed by the Group Leaders. Using this method, remainders of over ' 0.5 ' are rounded up to whole numbers and any remainders below ' 0.5 ' allocated to a pool from which seats are allocated to minority groups to achieve the correct overall proportionality.
4. This results in over or under representation at the level of individual committees. However, given the duty to look at proportionality overall, when all the seats on committees are aggregated, the Council can agree adjustments to correct, so far as reasonably practicable, any imbalance and ensure that any ungrouped members are allocated seats on committees and indeed this is normal practice. It is also open to the Council to change the number of seats on individual Committees should members wish. This often assists in adjusting imbalances or lack of representation of particular groups on some committees.
5. Appendix 1 to this report sets out a table showing the proportional allocations to committees based on the overall number of Committee seats, worked out to two decimal places.
6. Appendices 2 shows group allocations to principal/decision making Committees. Appendix 3 shows group allocations to advisory/non-decision-making committees. In each case the over or under allocation of seats to each group relative to overall proportionality is shown.
7. If Recommendation 7 above is approved, the Monitoring Officer will write to all Group Leaders asking them, within 5 working days, to specify names of councillors to be appointed for each committee (including non-decision-making committees). The Monitoring Officer will ensure that Members fill the seats on each committee (including non-decision-making committees), as per the seats allocated to the political groups in accordance with the nominations of the Group Leaders.

## Implications
