# Looking Back: Our Quality Priorities for Improvement during 2022-23

## Looking Ahead: Our Quality Priorities for Improvement in 2023-24

Consultation with service users, carers, staff and stakeholders helped us shape our Quality Priorities for the coming year.

We engaged in a number of ways to be inclusive of a wide range of people.

Quality Priorities reflect the greatest pressures that the organisation is currently facing as well as what service users and carers have told us through feedback in the previous year.
