## **DETERMINATION OF PLANNING APPLICATIONS**

### **Introduction**

1. The following section of the agenda consists of planning applications to be determined by the Strategic Planning Committee in accordance with the current delegation arrangements. Any further information, observations or letters relating to any of the applications contained in this agenda and received after the date of publication of this report will be reported at the meeting.

### **The Determination of Planning and Other Applications**

2. In considering the planning and other applications, members are advised to take into account the following general principles:

- Decision makers are to have regard to the development plan, so far as it is material to the application
- Applications are to be determined in accordance with the development plan unless material considerations indicate otherwise
- Applications should always be determined on their planning merits in the light of all material considerations
- Members are reminded that recommendations in favour of giving permission must be accompanied by suitable conditions and a justification for giving permission, and that refusals of permission must be supported by clear planning reasons both of which are defensible on appeal
- Where the Strategic Planning Committee is minded to determine an application other than in accordance with the Officer's recommendation, clear reasons should be given that can be minuted, and appropriate conditions or refusal reasons put forward

3. Planning conditions must meet the tests that are set down in paragraph 56 of the NPPF and meet the tests set out in Community Infrastructure Levy Regulations 2010. Conditions must be:

- a. necessary to make the development acceptable in planning terms;
- b. directly related to the development; and
- c. fairly and reasonably related in scale and kind to the development.

4. Where councillors are contemplating moving a decision contrary to officer advice, they are recommended to consider seeking advice from senior officers as to what constitute material planning considerations, and as to what might be appropriate conditions or reasons for refusal.
