

## **Agreed condition with Environmental Health Department**

3/9/2021

Dear Sir/Madam

With regards the recent application for a Variation of the Premises Licence regarding The Auction House, 63 Bridge Street, Morpeth Northumberland, the applicant has agreed the following conditions to be included on her Licence as follows:

“Noise from amplified recorded music arising from regulated entertainment held within the premises after 23:00 hours, shall be inaudible at the boundary of the nearest residential dwellings.”

If you could therefore have these conditions attached to the Premises Licence I would be obliged

Yours sincerely

Linden Dodds

Phil Steel

Dear Linden,

Yes as per our telephone conversation I am happy that any music played from 23:00 to 00:00 is inaudible from the nearest residential property.

Kind Regards

Phil Steel
