

Notice of Representation

Members of the public can submit representations in objection or in support of the premises license applications, within the 28 day consultation period.

Please be aware that for any objections to be considered relevant, they should be submitted before the end of the consultation period and they should address the four licensing objectives in relation to the licensing activity.

The licensing objectives are the prevention of crime and disorder, prevention of public nuisance, public safety and the protection of children from harm.

Please be aware that where representations are considered relevant copies of the representation will be provided to the applicant and the Licensing sub committee.

Please note: Objections will only be considered where a name and address are supplied.

Notice -of-Representation (3) form from NCC 2 of 2

Having lived in Ponteland since 1964, I cannot envisage anything more inappropriate than this application.

The land in question is within and forms part of the **Ponteland Conservation Area**, being an area which is so designated to protect the special character, architectural features, historical significance and value of the Area to the community at large.

It may be argued that the provision of extensive food and drinking facilities, with recorded and live amplified and un-amplified music on every day of the week over such a long part of the day will so alter the character of the Area as to be **completely unacceptable**.

Village **INFRASTRUCTURE** cannot support the significant increase in **FOOTFALL** and **TRAFFIC**.

NOISE emanating from this central site would have a negative impact on the centre of the village affecting:

Homes

Residential buildings

Care and nursing Homes

Churches

Education and Leisure Complex

Having taught at Richard Coates Secondary/Middle School for sixteen years and as a Governor of Richard Coates Primary School, I abhor the whole idea which goes against the ethos of our Conservation area.

This site adjoins the river Pont. The question of POLLUTION must be brought into question. Flood prevention work is being carried out, but people, especially if they are not residents do not always act in a responsible manner.
