Subject: Notice of representation against planning reference 21/00051LIC

Hi there,

I would like to object to the proposed application to build a container village behind rialtos in Ponteland for the following reasons;

This will be a nuisance to the local community and local public. The noise from the music alone that will travel into my garden from the 500 -700 people who may be drunk from the venue. But also having music in an outdoor setting until midnight will be a nuisance to the local community and those (like myself) who live in close proximity to this venue. The noise will travel into my garden. Currently the Seven Stars have a singer outside on a Sunday and we can hear this, but we know that ends early so don't mind it.

The level of disorder from these 500-700 additional people in the village who will be drunk and trying to get home when the venue closes. Littering and hanging around the streets. This may also pose a safeguarding issue to the local children and

community who use the village and the wildlife as the 500-700 people leave their litter around the river and surrounding area.

The village isn't designed to host an additional 500-700 people. The roads are already congested as it is. The pollution from the proposed Black cabs sitting with their engines running will spoil the village and take needed business away from the local taxi firms. Those using this development will have to get to and from it, there is limited parking in the village which would then spill out into the neighbouring streets.

The local restaurants and pubs, this will take business away from them. And put an additional strain on everyone who moved to Ponteland for a quiet life.

Please let me know on receipt of this email

Thanks

Michele
