Hello Ms Tait

Thank you for your letter of 12 July 2021 in response to my objections to the above application .I understand you have rejected my representation because it does not address the four licensing objectives despite the fact that my completion of the form did contain objections under three of the criteria.

I will attempt to re-submit my objection on the basis of the prescribed objectives :

1. I feel that this pop up facility will encourage under-age drinking of alcohol by minors
- 3.I feel that the proposed facility will generate significantly more traffic and vehicles in the locality which are likely to be a risk to public safety and health
4. The pop up facility will encourage a significant increase in the number of people congregating in a small area both externally and internally which is likely to give rise to a lot of noise and litter in a residential area thereby creating a public nuisance

I hope this current submission complies with the requirements.
