

Notice of Representasion

Members of the public can submit representations in objection to or in support of the premises licence applications, within the 28 day consultation period.

Please be aware that for any objections to be considered relevant, they should be submitted before the end of the consultation period and they should address the four licensing objectives in relation to the licensing activity.

The licensing objectives are the prevention of crime and disorder, prevention of public nuisance, public safety and the protection of children from harm.

Please be aware that where representations are considered relevant copies of the representation will be provided to the applicant and the Licensing Sub Committee.

Please note: Objections will only be considered where a name and address are supplied.

Name:AlmondKellacher.....Address: 23 Rowan Drive, Ponteland NE20 9QJ

Licensing Objective: Prevention of Public Nuisance, Public Safety

Premises:Land at back of Rialtos 1 Main Street, Ponteland, NE20 9NH and land adjacent thereto ref NZ16600 72807

Reason for Representation: Objection to Application

(continue on separate sheet if necessary)

I wish to object to the licencing of the proposed development at the rear of Rialto's Ponteland.

1.Prevention of Public Nuisance

This will create a noise nuisance to the surrounding areas. There are residential houses and flats nearby on Callerton Lane and a house directly behind.

This would encourage an additional influx of people from outside the area for the purpose of drinking and partying, giving rise to an increase of rowdy behaviour in the area and parking problems. Providing a taxi rank, which we understand excludes local taxis is discriminating against local businesses.

The existing car park behind Lloyds Bank is for their customers and is needed for people using the cashpoint pr the bank in office hours. This new proposal would mean that those spaces would be taken up by people visiting the 'Stack' rather than the bank.

2. Public safety

The access to the site is very narrow and people need to be able to walk on that stretch of road from the Lloyds car park to get to the cash point as there is no pavement.

At capacity this would lead to approximately 200 additional cars into Ponteland which will give rise to traffic problems and safety. It will generate more traffic onto the A696 which is already a very busy road. Where will these additional cars park? Although car parks already exist in the area they are well used. This potentially gives rise to cars parking on roadsides which could generate safety problems for pedestrians and other motorists.

Signed
