To: Licensing Mailbox <Licensing@northumberland.gov.uk>

I am writing to raise an objection to the proposed new development and licensing of a premises behind Rialtos on Ponteland on the grounds of public nuisance.

Whilst lockdown rules have eased, as a resident of Darras Road I have been subjected to numerous incidents of loud noise, swearing and singing as people come home from outdoor drinking venues. This is an increase on when people drink indoors.

The two direct routes people will use to walk home and the bridleway and Darras Road pavement, between which our property is sandwiched.

Add to that the already loud noise we are now subjected to from the Seven Stars (which I don't raise as clearly they are trying to make the most of a difficult situation and we assume the outdoor noise is temporary whilst people can't be outdoors).

Something permanent along those lines will we believe carry noise and disorder into Ponteland and then out, noisily again.

There are plenty of establishments in Ponteland already which give quite enough nightlife, and the nuisance I believe such a new venue as proposed would create is inappropriate for the small town of Ponteland, and know I am not alone in that view.

Please consider local residents when you review this and the impact of both noise, traffic and additional people being brought to the area.

Kind regards

Samantha Pile

13 Darras Road, Ponteland, NE20 9PD
