Ponteland

NE20 9PX

Dear Sir/Madam

On behalf of Ponteland Club & Institute Ltd following our committee meeting of Sunday 4th July we would like to raise objections to the planning application for licensed outdoor and indoor venue near Rialtos restaurant Ponteland in the name of Suna Miah 1 main street.

It was felt Ponteland is now at saturation point for such venues and any additional will only be detrimental to existing businesses in the village.

The live music application for the times given on a permanent basis outdoors will cause too much noise pollution for the surrounding area and further afield as sound does travel.

If the venue attracts the potential capacity then an overspill could cause policing problems into the village and into the club itself as in normal covid free times the club is already busy on the peak trading nights of Friday and Saturday.

The Committee.
