# GOVERNANCE OPTIONS FOR PLACE BASED PARTNERSHIPS: IMPLEMENTATION AND DEVELOPMENT TIMELINE

# ICS GOVERNANCE

## ICB governance arrangements – core elements

### ICPs *statutory*

- **Each ICS area will have an Integrated Care Partnership** at system level
- **Established by the ICB and relevant local authorities** as equal partners.
- We expect the ICP to have a specific **responsibility to develop an integrated care strategy** for its whole population (covering all ages) using the best available evidence and data – including patient experience, covering both children’s and adult’s social care, health inequalities and the wider determinants which drive these inequalities.

### ICBs *statutory*

- **42 ICBs will replace existing CCGs from April 2022.** Each ICB will be **governed by unitary board**, with flexibility to establish board roles.
- **Minimum board membership is 10 roles:** an ICB Chair, 2 x independent executive members, 4 x ICB executive roles, 3 x partner members
- Unitary board will be **required to establish an audit committee and remuneration committee**
- **Flexibilities to establish and deploy other committees of the board**, with the power to a) appoint non-ICB staff to be committee members b) delegate functions to be exercised by or jointly with other organisations

### Place based partnerships

- **ICBs will be able to arrange for functions to be exercised** and decisions to be made, by or with place-based partnerships, **through a range of different arrangements.**
- The **ICB will remain accountable for NHS resources deployed at place-level.**

### Provider collaboratives

- May be at sub system, system or supra-system level
- **Must agree specific objectives with one or more ICB**, to contribute to the delivery of that system's strategic priorities.

# INTEGRATED CARE BOARD: MEMBERSHIP

**Independent Chair** plus a minimum of two other independent non-executive directors. (These individuals will normally not hold positions or offices in other health and care organisations within the ICS footprint.)

At least one member drawn from **NHS trusts and foundation trusts** who provide services within the ICS's area

At least one member drawn from **general practice** within the area of the ICS NHS body

At least one member drawn from the **local authority**, or authorities, with statutory social care responsibility whose area falls wholly or partly within the area of the ICS NHS body.

**Chief Executive**, Director of Finance, Director of Nursing, Medical Director mandatory plus others as required.

## **Non-voting membership**

*Participants:* invitees who may address the meeting at the discretion of the Chair

*Observers:* invitees who may not address the meeting

**GUIDANCE:** Set out in *Interim guidance on the functions and governance of the integrated care board, August, 2021.*

# INTEGRATED CARE BOARD: GOVERNANCE FEATURES

## The ICB is a Unitary Board

- Where each member has shared corporate accountability for delivering all of its functions and duties.

### Responsible for achieving:

- The four wider purposes of the Integrated Care System
  - **improving outcomes** in population health and healthcare;
  - **tackling inequalities** in outcomes, experience and access;
  - **enhancing productivity** and value for money;
  - supporting broader **social and economic development**.
- Good stewardship of NHS processes of planning, development, delivery, and the proper use of resources

# ESTABLISHING AN INTEGRATED CARE PARTNERSHIP

# ESTABLISHING THE INTEGRATED CARE PARTNERSHIP

**ETHOS:** The Integrated Care Partnership will have a key role to play in setting the tone and culture of the system. Operating a collective model of accountability, including to local residents.

**REQUIREMENTS:** System partners to determine how the ICP will operate, agree the leadership arrangements and functions it will carry out over and above its statutory responsibilities. The ICP is tasked with developing an integrated care strategy for the area.

**GUIDANCE:** Set out in *Integrated Care Partnership (ICP)<sup>17</sup> engagement document: Integrated Care Systems (ICS) implementation, September 2021*

# INTEGRATED CARE PARTNERSHIP: MEMBERSHIP

The ICP will need to mutually agree terms of reference, membership, ways of operating and administration.

Chair is jointly selected by NHS and local authority; can be same chair as ICB – approach to be determined locally.

Members must include all local authorities and the local NHS (represented at least by the ICB).

Representatives should draw on a wide range of partners working to improve health and care in their communities, including the views of patients and the social care sector.

**GUIDANCE:** Set out in *Integrated Care Partnership (ICP) engagement document: Integrated Care Systems (ICS) implementation, September 2021*<sup>18</sup>
