Key issues

- Under the [Fire and Rescue National Framework for England](#) (2018) all fire and rescue authorities are required to produce an Integrated Risk Management Plan. This is now called a Community Risk Management Plan.
- According to the framework, each plan must:
 - Reflect up to date risk analyses including an assessment of all foreseeable fire and rescue related risks that could affect the area of the authority.
 - Demonstrate how prevention, protection and response activities will best be used to prevent fires and other incidents and mitigate the impact of identified risks on its communities, through authorities working either individually or collectively, in a way that makes best use of available resources.
 - Outline required service delivery outcomes including the allocation of resources for the mitigation of risks.
 - Set out its management strategy and risk-based programme for enforcing the provisions of the Regulatory Reform (Fire Safety) Order 2005 in accordance with the principles of better regulation set out in the Statutory Code of Compliance for Regulators, and the Enforcement Concordat.

- Cover at least a three-year time span and be reviewed and revised as often as it is necessary to ensure that the authority is able to deliver the requirements set out in this Framework.
- Reflect effective consultation throughout its development and at all review stages with the community, its workforce and representative bodies and partners;
- Be easily accessible and publicly available.

Background

- Northumberland Fire and Rescue Service Integrated Risk Management Plan 2017-21 was extended by one year.
- Reasons for extending the plan for one year were deemed to 'have merit' during a recent inspection undertaken by Her Majesty's Inspectorate of Constabulary and Fire and Rescue Services (HMICFRS).
- Northumberland Fire and Rescue Service is now consulting on its Community Risk Management Plan 2022-26, supporting the Fire Authority to meet its responsibilities under the Fire and Rescue National Framework for England (2018).
- Consultation opens on 5 January 2022 and closes on 16 February 2022.
- Consultation questions can be completed online by clicking the link <https://haveyoursay.northumberland.gov.uk/nfrs/crmpconsultation2022/> or by email fireconsult@northumberland.gov.uk to request a hard copy.
- Copies of the consultation questions can be provided in an alternative language on request. Please email your request to fireconsult@northumberland.gov.uk.
- The Community Risk Management Plan 2022-26 has now been developed, providing data and analysis on key fire and rescue related risks, and information on how Northumberland Fire and Rescue Service will work with communities to address and mitigate those risks.
