			Removing the zones will help vulnerable people access more taxis.(I'm sure you already know northumberland has had a large reduction in taxis over the years)
			Removing the zones will help Employment(taxi drivers licenced in another zone can get better opportunities around the whole of northumberland)
			Removing the zones will reduce green house gasses with vehicles operating in all zones.(no need to rtn to the zone you came from)
	Hackney		
	Carriage		Removing the zones will help reduce the taxi tariff (drivers getting paid

It will also have a detrimental effect on rural districts for those who rely on taxi services as it will no longer be cost effective to provide these services.
